The Great Controversy Apr 16 2022 A foundational text in the Seventh Day Adventist church, The Great Controversy is a vision White had of the great battle between Christ and Satan throughout the ages of the early and modern church. Although the book is not held with as high esteem in Protestant circles,

it still is able to outline a way of impactful theological thinking.

Amari and the Great Game Dec 12 2021 Sequel to the New York Times bestseller **Amari and the Night Brothers!** Artemis Fowl meets Men in Black in this magical second book in the New York Times and Indie bestselling Supernatural Investigations trilogy—perfect for fans of Tristan Strong Punches a Hole in the Sky, the Percy Jackson series, and Nevermoor. After finding her brother and saving the entire supernatural world, Amari Peters is convinced her first full summer as a Junior Agent will be a breeze. But between the fearsome new Head Minister's strict anti-magician agenda, fierce Junior Agent rivalries, and her brother Quinton's curse steadily worsening, Amari's plate is full. So when the secretive League of Magicians offers her a chance to stand up for magickankind as its new leader, she declines. She's got enough to worry about! But her refusal allows someone else to step forward, a magician with dangerous plans for the League. This challenge sparks the start of the Great Game, a competition to decide who will become the Night Brothers' successor and determine the future of magickankind. The Great Game is both mysterious and deadly, but among the winner's magical rewards is Quinton's last hope—so how can Amari refuse?

The Great Book of Badass Women May 25 2020 There have been countless badass women who have changed the world for the better, yet most people have never even heard of them. Women throughout history have fought for their rights and the rights of others, defended their countries during wartime, healed the sick and the wounded, invented new technologies, led

countries, made inspiring art... and so much more! This collection of biographies and quick trivia facts aims to tell the stories of the courageous and tenacious women who have paved the way for the women of the future. In *The Great Book of Badass Women*, you'll get to know: ?Ching Shih: from Prostitute to Pirate Queen ?Ruth Bader Ginsburg: Notorious Supreme Court Justice ?Frida Kahlo: Trailblazer, Artist, Icon ?The Mirabal Sisters: Revolutionaries and Martyrs ?Hedy Lamarr: Inventor and Beauty Queen

There have been so many badass women in history, that it was nearly impossible to choose only 15 of them. Women have been badass because they have to be, and they'll continue to fight for their rights until they have them. Although women-especially women of color-have largely been excluded from our history books, these unsung heroes have always been there, kicking ass. By telling their stories, we preserve their legacies and inspire others to follow in their footsteps. These are just a few of those heroes in *The Great Book of Badass Women*, but many women are heroes every day, and we will probably never know most of their names. Grab a copy now and get ready to learn about them all!

[The Great Reset](#) Jun 18 2022 In *The Great Reset: And the War for the World*, the most controversial man on earth Alex Jones gives you a full analysis of The Great Reset, the global elite's international conspiracy to enslave humanity and all life on the planet. If you really want to know what's happening in the world, this is the one book you must read now. Alex Jones is the most censored man on the planet and you should ask yourself why that is. There is a powerful authoritarian takeover in

process that is seeking to capture the entire human system and turn it into an artificial factory farm controlled system. We are in a war for the future of the world. In this book, you will hear from the world's elites, from their own mouths, what they are planning for you and your families and you will learn what you can do to fight it. From central bankers, corporate billionaires, and corrupted government officials, global elites have been organizing a historic war on humanity under a trans-humanist, scientific dictatorship. Alex Jones was the first major figure to expose the World Economic Forum's agenda. He has dedicated the last 30 years of his life to studying The Great Reset, conducting tens of thousands of interviews with top-level scientists, politicians, and military officials in order to reverse engineer their secrets and help awaken humanity. The Great Reset: And the War for the World chronicles the history of the global elites' rise to power and reveals how they've captured the governments of the world and financed The Great Reset to pave the way for The New World Order. Once dubbed a conspiracy theory, but now openly promoted by the most powerful corporations and governments, The Great Reset is a planned attempt to redistribute all the world's wealth and power into the hands of banks, corporations, billionaires, and The World Economic Forum. If you read one book in a lifetime, this is it. In The Great Reset: And the War for the World, you will discover from the self-appointed controllers of the planet in their own words, their plan for what they call the final revolution, or The Great Reset. The only way this corporate fascist conspiracy can

succeed is if the people of the world are not aware of it. And this book lays out their sinister blueprint and how to stop it. While many great books have been written to help awaken people to this sinister agenda, no author has ever spent as much time and research on *The Great Reset* as Alex Jones. *The Great Reset: And the War for the World* is the undisputed trailblazer for understanding what's happening and how to stop it.

Nate the Great and the Hungry Book Club Oct 10 2021
These chapter books introduce beginning readers to the detective mystery genre. Perfect for the Common Core, kids can problem-solve with Nate, using logical thinking to solve mysteries! Rosamond has started a book club called Rosamond's Ready Readers. But she claims there's an evil page monster on the loose. This monster has ripped and ruined a page of the cookbook Rosamond uses to make treats for the club. Nate the Great and his dog, Sludge, go to the next meeting of the book club . . . as undercover detectives. All the members are there. They are reading a book when one of Rosamond's Ready Readers discovers that a page is missing. Has the evil page monster struck again? Nate and Sludge know they have a real case. Their search for evidence takes them to Rosamond's kitchen and to a school book sale where a librarian gives them important clues. Can the pancake-eating detective and his bonemunching partner solve their hungriest case yet?

***The Great Good Place* Apr 23 2020** The landmark survey that celebrates all the places where people hang out--and is helping to spawn their revival A New York Times Book Review Editor's Choice "Third places," or "great good places," are the many public

places where people can gather, put aside the concerns of home and work (their first and second places), and hang out simply for the pleasures of good company and lively conversation. They are the heart of a community's social vitality and the grassroots of a democracy. Author Ray Oldenburg portrays, probes, and promotes these great good places--coffee houses, cafes, bookstores, hair salons, bars, bistros, and many others both past and present--and offers a vision for their revitalization. Eloquent and visionary, this is a compelling argument for these settings of informal public life as essential for the health both of our communities and ourselves. And its message is being heard: Today, entrepreneurs from Seattle to Florida are heeding the call of The Great Good Place--opening coffee houses, bookstores, community centers, bars, and other establishments and proudly acknowledging their indebtedness to this book.

**Peter the Great: His Life and World Sep 21 2022
PULITZER PRIZE WINNER • An “urgently readable”**
(Newsweek) biography of the captivating tsar who changed Russian history—from the New York Times bestselling author of Nicholas and Alexandra, The Romanovs, and Catherine the Great “Enthralling . . . as fascinating as any novel and more so than most.”—The New York Times Book Review Against the monumental canvas of seventeenth- and eighteenth-century Europe and Russia unfolds the magnificent story of Peter the Great, crowned co-tsar at the age of ten. Robert K. Massie delves deep into his life, chronicling the pivotal events that shaped a boy into a legend—including his “incognito” travels in Europe, his unquenchable curiosity about Western

ways, his obsession with the sea and establishment of the stupendous Russian navy, his creation of an unbeatable army, his transformation of Russia, and his relationships with those he loved most: Catherine, the robust yet gentle peasant, his loving mistress, wife, and successor; and Menshikov, the charming, bold, unscrupulous prince who rose to wealth and power through Peter's friendship. Impetuous and stubborn, generous and cruel, tender and unforgiving, a man of enormous energy and complexity, Peter the Great is brought fully to life.

The Great Leader Jul 27 2020 "A wild ride . . . [and] a thoroughly enjoyable tale of religion, sex and money . . . this is not your grandfather's detective novel" (Tim McNulty, The Seattle Times). New York Times–bestselling author Jim Harrison has won international acclaim for his masterful body of work, including *Returning to Earth*, *Legends of the Fall*, and over thirty books of fiction, nonfiction, and poetry. In this enthralling, witty and expertly crafted novel, he follows one man on a hunt for an elusive cult founder, dubbed "The Great Leader." On the verge of retirement, Detective Sunderson begins to investigate a hedonistic cult, which has set up camp near his home in Michigan's Upper Peninsula. At first, the self-declared Great Leader seems merely a harmless oddball, but as Sunderson and his sixteen-year-old sidekick dig deeper, they find him more intelligent and sinister than they realized. Recently divorced and frequently pickled in alcohol, Sunderson tracks his quarry from the woods of Michigan to a town in Arizona, filled with criminal border-crossers, and on to Nebraska, where the Great

Leader's most recent recruits have gathered to glorify his questionable religion. But Sunderson's demons are also in pursuit of him. "Jim Harrison is unsurpassed at chronicling man's relationship with wilderness . . . The Great Leader is hugely enjoyable." –Tom Bissell, *Outside Magazine*

Catherine the Great and the Small Jan 21 2020 It's June in 1970s Montenegro; school's just let out and Catherine's head is full of Boney M lyrics and playing 'cops and robbers' with her summer crush. Then tragedy rips the heart from her little family and Catherine's life takes on a new trajectory.

The Great Book of Chocolate Apr 28 2023 A compact connoisseur's guide, with recipes, to today's cutting-edge array of chocolates and chocolate makers from former Chez Panisse pastry chef David Lebovitz. In this compact volume, David Lebovitz gives a succinct cacao botany lesson, explains the process of chocolate making, runs through chocolate terminology and types, presents information on health benefits, offers an evaluating and buying primer, profiles the world's top chocolate makers and chocolatiers (with a whole chapter dedicated to Paris alone!), and shares dozens of little-known factoids in sidebars throughout the book. The Great Book of Chocolate includes more than 50 location and food photographs, and features more than 30 of Lebovitz's favorite chocolate recipes, from Black-Bottom Cupcakes to Homemade Rocky Road Candy, Orange and Rum Chocolate Mousse Cake to Double Chocolate Chip Espresso Cookies. His extensive resource section (with websites for international ordering) can bring the world's best chocolate to every door. A self-avowed chocoholic, Lebovitz nibbles chocolate

every day, and with *The Great Book of Chocolate* in hand, he figures the rest of us will too.

The Great American Cereal Book Jan 01 2021 A pop culture compendium of breakfast cereal history, lore, and over 300 photographic images from the last 100 years.

The Late Great Planet Earth Feb 02 2021 The impact of *The Late Great Planet Earth* cannot be overstated. The *New York Times* called it the "no. 1 non-fiction bestseller of the decade." For Christians and non-Christians of the 1970s, Hal Lindsey's blockbuster served as a wake-up call on events soon to come and events already unfolding -- all leading up to the greatest event of all: the return of Jesus Christ. The years since have confirmed Lindsey's insights into what biblical prophecy says about the times we live in. Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet. In the midst of an out-of-control generation, it reveals a grand design that's unfolding exactly according to plan. The rebirth of Israel. The threat of war in the Middle East. An increase in natural catastrophes. The revival of Satanism and witchcraft. These and other signs, foreseen by prophets from Moses to Jesus, portend the coming of an antichrist . . . of a war which will bring humanity to the brink of destruction . . . and of incredible deliverance for a desperate, dying planet.

Friend Or Fiend? with the Pain and the Great One Apr 04 2021 First-grader Jake "The Pain" and his sister, third-grader Abigail "The Great One" have more adventures, including visiting their cousins in

New York and celebrating their cat Fluzzy's birthday.

Soupy Saturdays with the Pain and the Great One Mar 03 2021 MEET THE PAIN: My sister's name is Abigail. I call her The Great One because she thinks she's so great. Who cares if she's in third grade and I'm just in first? MEET THE GREAT ONE: My brother's name is Jacob Edward, but everyone calls him Jake. Everyone but me. I call him The Pain because that's what he is. He's a first-grade pain. I'll always know exactly what he's thinking. That's just the way it is. These seven warm-hearted stories will give readers a peek at how a brother and sister relate to each other.

The Great Book of King Arthur Feb 26 2023 Foreword by Neil Gaiman The world's leading Arthurian authority reimagines one of the most beloved and influential legends—the story of King Arthur and his Knights—for a new century in this gorgeous keepsake edition, illustrated with luminous full-color paintings and drawings by internationally acclaimed Tolkien artist John Howe. The stories of King Arthur and Merlin, Lancelot and Guinevere, Galahad, Gawain, Tristan and the rest of the Knights of the Roundtable, and the search for the Holy Grail have been beloved for centuries and are the inspiration of many modern fantasy novels, films, and shows. These legends began when an obscure Celtic hero named Arthur stepped on to the stage of history sometime in the sixth century, generating a host of oral tales that would be inscribed some 900 years later by Thomas Malory in his classic *Morte D'Arthur* (The Death of Arthur). The Great Book of King Arthur brings these legends into the modern age, using

accessible prose for contemporary readers for the first time. In addition to the stories in *Morte D'Arthur*, John Matthews includes many tales of Arthur and his knights either unknown to Malory or written in other languages, such as the story of Avenable, the girl brought up as a boy who becomes a famous knight; Morien, whose adventures are as fantastic and exciting as any found in Malory's work; and a retelling of the life of Round Table favorite Gawain, from his strange birth to his upbringing among the poor to his ascension to the highest position—Emperor of Rome. In addition, there are some of the earliest tales of Arthur, deriving from the tradition of Celtic storytelling. The epic hero is represented in such powerful stories as "The Adventures of Eagle-boy" and "The Coming of Merlin," which is based on the early medieval text *Vita Merlini* and tells a completely new version of the great enchanter's story. *The Great Book of King Arthur* includes 15 full-color paintings and 25 pencil drawings.

The Great Alone Dec 20 2019 In Kristin Hannah's *The Great Alone*, a desperate family seeks a new beginning in the near-isolated wilderness of Alaska only to find that their unpredictable environment is less threatening than the erratic behavior found in human nature. #1 New York Times Instant Bestseller (February 2018) A People "Book of the Week" BuzzFeed's "Most Anticipated Women's Fiction Reads of 2018" Seattle Times's "Books to Look Forward to in 2018" Alaska, 1974. Ernt Allbright came home from the Vietnam War a changed and volatile man. When he loses yet another job, he makes the impulsive decision to move his wife and daughter north where

they will live off the grid in America's last true frontier. Cora will do anything for the man she loves, even if means following him into the unknown. Thirteen-year-old Leni, caught in the riptide of her parents' passionate, stormy relationship, has little choice but to go along, daring to hope this new land promises her family a better future. In a wild, remote corner of Alaska, the Allbrights find a fiercely independent community of strong men and even stronger women. The long, sunlit days and the generosity of the locals make up for the newcomers' lack of preparation and dwindling resources. But as winter approaches and darkness descends, Ernt's fragile mental state deteriorates. Soon the perils outside pale in comparison to threats from within. In their small cabin, covered in snow, blanketed in eighteen hours of night, Leni and her mother learn the terrible truth: they are on their own.

The Great Leveler May 05 2021 "Are mass violence and catastrophes the only forces that can seriously decrease economic inequality? To judge by thousands of years of history, the answer is yes. Tracing the global history of inequality from the Stone Age to today, Walter Scheidel shows that inequality never dies peacefully. Inequality declines when carnage and disaster strike and increases when peace and stability return. The Great Leveler is the first book to chart the crucial role of violent shocks in reducing inequality over the full sweep of human history around the world. Ever since humans began to farm, herd livestock, and pass on their assets to future generations, economic inequality has been a defining feature of civilization. Over thousands of years, only violent events have significantly

lessened inequality. The "Four Horsemen" of leveling--mass-mobilization warfare, transformative revolutions, state collapse, and catastrophic plagues--have repeatedly destroyed the fortunes of the rich. Scheidel identifies and examines these processes, from the crises of the earliest civilizations to the cataclysmic world wars and communist revolutions of the twentieth century. Today, the violence that reduced inequality in the past seems to have diminished, and that is a good thing. But it casts serious doubt on the prospects for a more equal future. An essential contribution to the debate about inequality, *The Great Leveler* provides important new insights about why inequality is so persistent--and why it is unlikely to decline anytime soon."--

The Great Displacement Jul 07 2021 "The Great Displacement is closely observed, compassionate, and far-sighted." --Elizabeth Kolbert, Pulitzer Prize-winning author of *Under a White Sky* The untold story of climate migration in the United States--the personal stories of those experiencing displacement, the portraits of communities being torn apart by disaster, and the implications for all of us as we confront a changing future. Even as climate change dominates the headlines, many of us still think about it in the future tense--we imagine that as global warming gets worse over the coming decades, millions of people will scatter around the world fleeing famine and rising seas. What we often don't realize is that the consequences of climate change are already visible, right here in the United States. In communities across the country, climate disasters are pushing thousands of people away from

their homes. A human-centered narrative with national scope, *The Great Displacement* is “a vivid tour of the new human geography just coming into view” (David Wallace-Wells, *New York Times* bestselling author of *The Uninhabitable Earth*). From half-drowned Louisiana to fire-scorched California, from the dried-up cotton fields of Arizona to the soaked watersheds of inland North Carolina, people are moving. In the last few decades, the federal government has moved tens of thousands of families away from flood zones, and tens of thousands more have moved of their own accord in the aftermath of natural disasters. Insurance and mortgage markets are already shifting to reflect mounting climate risk, pricing people out of risky areas. Over the next fifty years, millions of Americans will be caught up in this churn of displacement, forced inland and northward in what will be the largest migration in our country’s history. *The Great Displacement* compassionately tells the stories of those who are already experiencing life on the move, while detailing just how radically climate change will transform our lives—erasing historic towns and villages, pushing people toward new areas, and reshaping the geography of the United States.

The Great Book of Hemp Jan 25 2023 The complete guide to the commercial, medicinal and psychotropic.

The Empress and the English Doctor Feb 14 2022 ‘It is hard to imagine a more timely or important book... a must-read’ Jojo Moyes ‘A rich and wonderfully urgent work of history’ Tristram Hunt A killer virus...an all-powerful Empress...an encounter cloaked in secrecy...the astonishing true story. Within living memory, smallpox was a dreaded disease. Over human

history it has killed untold millions. Back in the eighteenth century, as epidemics swept Europe, the first rumours emerged of an effective treatment: a mysterious method called inoculation. But a key problem remained: convincing people to accept the preventative remedy, the forerunner of vaccination. Arguments raged over risks and benefits, and public resistance ran high. As smallpox ravaged her empire and threatened her court, Catherine the Great took the momentous decision to summon the Quaker physician Thomas Dimsdale to St Petersburg to carry out a secret mission that would transform both their lives. Lucy Ward expertly unveils the extraordinary story of Enlightenment ideals, female leadership and the fight to promote science over superstition. 'A truly fascinating book that reads like a thriller' Venki Ramakrishnan

The Dream of a Democratic Culture Dec 24 2022 This book presents a moderately revisionist history of the great books idea anchored in the following movements and struggles: fighting anti-intellectualism, advocating for the liberal arts, distributing cultural capital, and promoting a public philosophy, anchored in mid-century liberalism, that fostered a shared civic culture.

On Reading Well Sep 09 2021 ★ Publishers Weekly starred review A Best Book of 2018 in Religion, Publishers Weekly Reading great literature well has the power to cultivate virtue. Great literature increases knowledge of and desire for the good life by showing readers what virtue looks like and where vice leads. It is not just what one reads but how one reads that cultivates virtue. Reading good literature well requires one to practice numerous

virtues, such as patience, diligence, and prudence. And learning to judge wisely a character in a book, in turn, forms the reader's own character. Acclaimed author Karen Swallow Prior takes readers on a guided tour through works of great literature both ancient and modern, exploring twelve virtues that philosophers and theologians throughout history have identified as most essential for good character and the good life. In reintroducing ancient virtues that are as relevant and essential today as ever, Prior draws on the best classical and Christian thinkers, including Aristotle, Aquinas, and Augustine. Covering authors from Henry Fielding to Cormac McCarthy, Jane Austen to George Saunders, and Flannery O'Connor to F. Scott Fitzgerald, Prior explores some of the most compelling universal themes found in the pages of classic books, helping readers learn to love life, literature, and God through their encounters with great writing. In examining works by these authors and more, Prior shows why virtues such as prudence, temperance, humility, and patience are still necessary for human flourishing and civil society. The book includes end-of-chapter reflection questions geared toward book club discussions, features original artwork throughout, and includes a foreword from Leland Ryken.

The Great Book Aug 20 2022 Through fun, rhymes, and inspiring stories from two real-life friends, THE GREAT BOOK teaches about the uniqueness that extroverts and introverts have within. With the help of Tyrell and Chantel, you can learn how to treasure different personalities and shine like a star. Whether you're reserved or expressive, follow along

to understand how GREAT we truly are.

Smoke and Iron Jan 13 2022 To save the Great Library, the unforgettable characters from Ink and Bone, Paper and Fire, and Ash and Quill put themselves in danger in the next thrilling adventure in the New York Times bestselling series. The opening moves of a deadly game have begun. Jess Brightwell has put himself in direct peril, with only his wits and skill to aid him in a game of cat and mouse with the Archivist Magister of the Great Library. With the world catching fire, and words printed on paper the spark that lights rebellion, it falls to smugglers, thieves, and scholars to save a library thousands of years in the making...if they can stay alive long enough to outwit their enemies.

The Drummer and the Great Mountain - a Guidebook to Transforming Adult ADD / ADHD Jun 25 2020 The most comprehensive holistic guide to transforming adult ADD / ADHD. "The Drummer and the Great Mountain - A Guidebook to Transforming Adult ADD/ADHD" starts with the premise that ADD/ADHD is a neurological type, not a disorder -- shared by countless artists and great minds throughout history. It offers a soulful, comprehensive, and holistic support system for creative individuals looking to maximize their potential and minimize their challenges with focus and consistency. Topics covered: Nutrition, Exercise, Emotional Support Tools, Time Management, Life Visioning, Creating Effective Support Systems, ADD / ADHD and Addiction, Meditation and Mindfulness Practices, and much more. Who Can Benefit: 1. Anyone diagnosed (or self-diagnosed) with ADD / ADHD. 2. Artists, musicians, entrepreneurs, and creative-types who struggle with consistency, structure, self-

motivation, and possibly addictive tendencies. 3. People taking ADD / ADHD medication who are looking for effective, natural alternatives. 4. Social Workers, therapists, and wellness professionals seeking a comprehensive support plan for their clients. 5. Spouses, partners, and parents looking for ways to effectively support their loved ones. 6. Teachers, life coaches and support professionals wanting to discover more in-depth tools of support.

"The Drummer and the Great Mountain is an informative, practical guidebook for those of us with the artistic or entrepreneurial temperament, offering a treasure trove of survival tools, personal growth techniques and coping mechanisms for a personality type that can often be at odds with our linear, rational society." ~ Warren Goldie, Author "This book seems to not only span the whole spectrum of the ADD/ADHD subject but pierces deeply, bringing into focus the essential value of each part of our lives to augment – even perfect – our given natures; no matter how unique, rare or misunderstood." ~ Doro Kiley, Life Coach "Michael has taken a deeper look at how the foods we eat affect our brain chemistry. He has done a beautiful job explaining this phenomenon in clear and understandable terms; offering a realistic roadmap on how to recognize and take control of detrimental dietary patterns." ~ Jennifer Copyak, Nutritionist

The Great Escape Mar 23 2020 A Nobel Prize-winning economist tells the remarkable story of how the world has grown healthier, wealthier, but also more unequal over the past two and half centuries The world is a better place than it used to be. People are healthier, wealthier, and live longer. Yet the

escapes from destitution by so many has left gaping inequalities between people and nations. In *The Great Escape*, Nobel Prize-winning economist Angus Deaton—one of the foremost experts on economic development and on poverty—tells the remarkable story of how, beginning 250 years ago, some parts of the world experienced sustained progress, opening up gaps and setting the stage for today's disproportionately unequal world. Deaton takes an in-depth look at the historical and ongoing patterns behind the health and wealth of nations, and addresses what needs to be done to help those left behind. Deaton describes vast innovations and wrenching setbacks: the successes of antibiotics, pest control, vaccinations, and clean water on the one hand, and disastrous famines and the HIV/AIDS epidemic on the other. He examines the United States, a nation that has prospered but is today experiencing slower growth and increasing inequality. He also considers how economic growth in India and China has improved the lives of more than a billion people. Deaton argues that international aid has been ineffective and even harmful. He suggests alternative efforts—including reforming incentives to drug companies and lifting trade restrictions—that will allow the developing world to bring about its own Great Escape. Demonstrating how changes in health and living standards have transformed our lives, *The Great Escape* is a powerful guide to addressing the well-being of all nations.

The Great Wave Aug 28 2020 Fischer has examined price records in many nations, and finds that great waves of rising prices in the 13th-, 16th-, 18th-,

and 20th centuries were all marked by price swings of increasing volatility, falling wages, a growing gap between rich and poor, and an increase in violent crime, family disintegration, and cultural despair. 109 graphs & charts. 7 maps.

The Great Law and the Longhouse Sep 28 2020 An in-depth survey of Iroquois culture and history This masterful summary represents a major synthesis of the history and culture of the Six Nations from the mid-sixteenth century to the Canandaigua treaty of 1794. William N. Fenton, renowned as the dean of Iroquoian studies, draws on primary sources, in both French and English to create a readable narrative and an invaluable reference for all future scholars of Iroquois polity. Central to Fenton's study is the tradition of the Great Law, still practiced today by the conservative Iroquois. It is sustained by celebrations of the condolence ceremony when participants mourn a dead chief and install his successor for life on good behavior. This ritual act, reaching back to the dawn of history, maintained the League of the Iroquois, the legendary form of government that gave way over time to the Iroquois Confederacy.

Revelation Oct 30 2020 The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

How to Think About the Great Ideas Jul 19 2022 Time magazine called Mortimer J. Adler a "philosopher for everyman." In this guide to considering the big

questions, Adler addresses the topics all men and women ponder in the course of life, such as "What is love?", "How do we decide the right thing to do?", and, "What does it mean to be good?" Drawing on his extensive knowledge of Western literature, history, and philosophy, the author considers what is meant by democracy, law, emotion, language, truth, and other abstract concepts in light of more than two millennia of Western civilization and discourse. Adler's essays offer a remarkable and contemplative distillation of the Great Ideas of Western Thought.

Rescuing Socrates Nov 11 2021 A Dominican-born academic tells the story of how the Great Books transformed his life—and why they have the power to speak to people of all backgrounds What is the value of a liberal education? Traditionally characterized by a rigorous engagement with the classics of Western thought and literature, this approach to education is all but extinct in American universities, replaced by flexible distribution requirements and ever-narrower academic specialization. Many academics attack the very idea of a Western canon as chauvinistic, while the general public increasingly doubts the value of the humanities. In *Rescuing Socrates*, Dominican-born American academic Roosevelt Montás tells the story of how a liberal education transformed his life, and offers an intimate account of the relevance of the Great Books today, especially to members of historically marginalized communities. Montás emigrated from the Dominican Republic to Queens, New York, when he was twelve and encountered the Western classics as an undergraduate in Columbia University's renowned Core Curriculum, one of

America's last remaining Great Books programs. The experience changed his life and determined his career—he went on to earn a PhD in English and comparative literature, serve as director of Columbia's Center for the Core Curriculum, and start a Great Books program for low-income high school students who aspire to be the first in their families to attend college. Weaving together memoir and literary reflection, *Rescuing Socrates* describes how four authors—Plato, Augustine, Freud, and Gandhi—had a profound impact on Montás's life. In doing so, the book drives home what it's like to experience a liberal education—and why it can still remake lives.

The Death and Life of the Great Lakes Mar 15 2022
New York Times Bestseller Winner of the Los Angeles Times Book Prize Winner of the J. Anthony Lukas Award "Nimbly splices together history, science, reporting and personal experiences into a taut and cautiously hopeful narrative... Egan's book is bursting with life (and yes, death)." —Robert Moor, New York Times Book Review
The Great Lakes—Erie, Huron, Michigan, Ontario, and Superior—hold 20 percent of the world's supply of surface fresh water and provide sustenance, work, and recreation for tens of millions of Americans. But they are under threat as never before, and their problems are spreading across the continent. *The Death and Life of the Great Lakes* is prize-winning reporter Dan Egan's compulsively readable portrait of an ecological catastrophe happening right before our eyes, blending the epic story of the lakes with an examination of the perils they face and the ways we can restore and preserve them for generations to

come.

The Pain and the Great One Nov 23 2022 A six-year-old (The Pain) and his eight-year-old sister (The Great One) see each other as troublemakers and the best-loved in the family.

The Great Surge Feb 20 2020 "The Great Surge tells the remarkable story of this unprecedented economic, social, and political transformation. It shows how the end of the Cold War, the development of new technologies, globalization, courageous local leadership, and in some cases, good fortune, have combined to dramatically improve the fate of hundreds of millions of people in poor countries around the world. Most importantly, The Great Surge reveals how we can fight the changing tides of climate change, resource demand, economic and political mismanagement, and demographic pressures to accelerate the political, economic, and social development that has been helping the poorest of the poor around the world,"--Amazon.com.

Good to Great Oct 22 2022 The Challenge Built to Last, the defining management study of the nineties, showed how great companies triumph over time and how long-term sustained performance can be engineered into the DNA of an enterprise from the very beginning. But what about the company that is not born with great DNA? How can good companies, mediocre companies, even bad companies achieve enduring greatness? The Study For years, this question preyed on the mind of Jim Collins. Are there companies that defy gravity and convert long-term mediocrity or worse into long-term superiority? And if so, what are the universal distinguishing characteristics that cause a company to go from good

to great? The Standards Using tough benchmarks, Collins and his research team identified a set of elite companies that made the leap to great results and sustained those results for at least fifteen years. How great? After the leap, the good-to-great companies generated cumulative stock returns that beat the general stock market by an average of seven times in fifteen years, better than twice the results delivered by a composite index of the world's greatest companies, including Coca-Cola, Intel, General Electric, and Merck. The Comparisons The research team contrasted the good-to-great companies with a carefully selected set of comparison companies that failed to make the leap from good to great. What was different? Why did one set of companies become truly great performers while the other set remained only good? Over five years, the team analyzed the histories of all twenty-eight companies in the study. After sifting through mountains of data and thousands of pages of interviews, Collins and his crew discovered the key determinants of greatness -- why some companies make the leap and others don't. The Findings The findings of the Good to Great study will surprise many readers and shed light on virtually every area of management strategy and practice. The findings include: Level 5 Leaders: The research team was shocked to discover the type of leadership required to achieve greatness. The Hedgehog Concept (Simplicity within the Three Circles): To go from good to great requires transcending the curse of competence. A Culture of Discipline: When you combine a culture of discipline with an ethic of entrepreneurship, you get the magical alchemy of

great results. Technology Accelerators: Good-to-great companies think differently about the role of technology. The Flywheel and the Doom Loop: Those who launch radical change programs and wrenching restructurings will almost certainly fail to make the leap. "Some of the key concepts discerned in the study," comments Jim Collins, "fly in the face of our modern business culture and will, quite frankly, upset some people." Perhaps, but who can afford to ignore these findings?

The Great Pyramid May 17 2022 A history of the construction of the Great Pyramid at Giza and the civilization that produced it.

The Little Me and the Great Me Aug 08 2021

Crash Nov 30 2020 The incredible true story of how Americans from all walks of life weathered one of the most turbulent periods in our nation's history--the Great Depression--and emerged triumphant. Crash tells the story of the Great Depression, from the sweeping fallout of the market collapse to the more personal stories of those caught up in the aftermath. Packed with photographs, primary documents, and firsthand accounts, Crash shines a spotlight on pivotal moments and figures across ethnic, gender, racial, social, and geographic divides, reflecting many different experiences of one of the most turbulent decades in American history. Marc Favreau's meticulous research, vivid prose, and extensive back matter paints a thorough picture of how the country we live in today was built in response to the widespread poverty, insecurity, and fear of the 1930s.

Going, Going, Gone! with the Pain and the Great One Jun 06 2021 THE PAIN AND the Great One are going

places! In these new stories the kids are on the go—the Pain needs a trip to the emergency room; the family goes to the mall and not everyone stays together; the kids visit a county fair and want to ride the Super Slide; and a beach outing includes a boogie board. Lots more action and adventure for the dynamic duo who never stay still.

The Great and the Grand Mar 27 2023 A mother and her new baby take a day's journey to meet the grandfather for the first time, filling the day with memories and love.
