"For 169 years Hillsdale College has taught the Declaration of Independence and U.S. Constitution. We have now expanded our teaching mission beyond campus to educate millions of Americans about the blessings of liberty and constitutional government through free online education including 'Constitution 101--The Meaning and History of the Constitution'--Foreword. What did the Founding Fathers mean when they wrote the Constitution? What did the right to keep and bear arms or an establishment of religion or the republican form of government mean to the founders? Obviously, as enlightened men of the late eighteenth century, they were familiar with a host of ideas and concepts drawn from ancient political theory as well as contemporary political pamphleteers. However, as our language has evolved the precise meaning of the words of the founders has become obscure as well as misunderstood. To make the words and concepts used by the founders clear to modern readers, Greene and his colleagues have gone back to the sources known to the founders and excerpted the key passages from these sources that bear on the language and concepts of the Constitution and the Bill of Rights. More than eighty key words are organized in alphabetical order, from accusation to witness. Under each entry, passages from key sources are provided in chronological order from as early as 1215 to December 15, 1791. Augmented by a concordance to the Constitution and a general subject index, The Language of the Constitution provides easy access to the key concepts and ideas of the Constitution as the founders understood them. This volume is invaluable for students and legal professionals, including lawyers, legislators, and judges of the state courts (which are now interpreting the federal constitution), as well as the federal courts. It is an essential acquisition for public, school, university, and law school libraries. Study smarter, not harder! For most students, law school can become overwhelming. The process of studying, taking notes, and preparing for your exams is intensive! Time is your most precious commodity and we are here to help! Don't spend hours creating notes, we've already done all of the hard work for you! Enclosed, you will find a raw outline meant to save you time while enhancing your understanding of Florida Constitutional Law. This raw outline covers many of the provisions of the U.S. Constitution, yet expands and elaborates upon the provisions that afford additional protections to Florida citizens. This outline covers separation of powers, state legislature, state executive and state judiciary/courts, writs and Florida Administrative Law, standing, local governments, elections, finance and taxation, homestead protections and homestead tax exemptions, and private and property rights. This is a great study tool and resource as it covers the black letter law and case law for your exam in a concise fashion to help save you time and maximize your grade on your final exam and will prepare you for the Florida Bar Exam. Best of luck in your coursework and legal careers! Now go out there and book your Florida Constitutional Law class! American government is required for high school graduation in most of the United States, but most of us receive very little instruction on the contents of the United States Constitution itself. This study guide is designed to guide small groups in delving into the United States Constitution and discovering the original intent of the Founders. The guide will take you from the Mayflower Compact to the 27th Amendment of the United State Constitution, studying in depth the original documents, interpreted by the words of the Founders themselves. Who were the signers of the Declaration of Independence and the United States Constitution? What is the proper jurisdiction of the judicial branch of the government? Why was a bill of rights a necessary addition to the Constitution? This guide explores the answers to these questions and more in a relaxed small group environment that encourages true learning and a love of American heritage. Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates. Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States. The Maine State Constitution traces the history of Maine's constitution from its statehood in 1820 to the present day, highlighting major trends and developments in constitutional revision and interpretation. In it, Marshall J. Tinkle summarizes the meaning of each constitutional provision in a section-by-section analysis of the constitution, outlining the intent, historical development, and interpretation of each provision. This treatment, which includes a list of cases, index, and bibliography, makes this guide indispensable for students, scholars, and practitioners of Maine's constitution. In this second edition, Marshall Tinkle updates his study of the Maine Constitution as part of The Oxford Commentaries on the State Constitutions of the United States. This volume updates the history and development of constitutionalism in Maine, including the complete text of the state's current constitution, with each section accompanied with commentary that explains the provision and traces its origins and its interpretation by the courts and by other governmental bodies. The Oxford Commentaries on the State Constitutions of the United States is an important series that reflects a renewed international interest in constitutional history and provides expert insight into each of the 50 state constitutions. Each volume in this innovative series contains a historical overview of the state's constitutional development, a section-by-section analysis of its current constitution, and a comprehensive guide to further research. Under the expert editorship of Professor G. Alan Tarr, Director of the Center on State Constitutional Studies at Rutgers University, this series provides essential reference tools for understanding state constitutional law. Books in the series can be purchased individually or as part of a complete set, giving readers unmatched access to these important political documents. Discover the ins and outs of Constitutional law Are you a student looking for trusted, plain-English guidance on the ins and outs of Constitutional law? Look no further! Constitutional Law For Dummies provides a detailed studyguide tracking to this commonly required law course. It breaks down complicated material and gives you a through outline of the parameters and applications of the U.S. Constitution in modern, easy-to-understand language. Critical information on the Constitution's foundations, powers, and limitations A modern analysis of the Constitution's amendments Detailed information on the Supreme Court and federalism Explaining outdated governmental jargon in current, up-to-date terms, Constitutional Law For Dummies is just what you need for quick learning and complete understanding. Students studying government will also find this to be a useful supplement to a variety of courses. France Country Study Guide - Strategic Information and Developments Volume 1 Strategic Information and Developments This introduction tells you everything you need to know about British Government and Politics. It examines the institutions and practices and makes comparisons with the experience of other countries. Accurate and accessible, Concentrate guides enable you to take exams with confidence. Including revision tips and advice for extra marks, alongside a thorough and focussed breakdown of the key topics and cases, this guide will help you to get the most out of your revision and to maximise your performance in exams. Do you know what the Constitution ACTUALLY says? This witty and highly relevant annotation of our founding document is the go-to guide to how our government really works (or is supposed to work). Written by political savant and entertainment veteran, Ben Sheehan, and vetted for accuracy by experts in the field of constitutional law, OMG WTF Does the Constitution Actually Say? is an entertaining and accessible guide that explains what the Constitution actually lays out. With clear notes and graphics on everything from presidential powers to Supreme Court nominations to hidden loopholes, Sheehan walks us through the entire Constitution from its preamble to its final amendment (with a bonus section on the Declaration of Independence). Besides putting the Constitution in modern-day English so that it can be understood, OMG WTF Does the Constitution Actually Say? gives readers all of the info they need to be effective voters and citizens in the November elections and beyond. The Arizona Constitution was written in 1910, amended and ratified by Arizona voters and approved by Congress in 1911. On Valentine's Day in 1912 Arizona was declared an equal State of the Union. Since that time Arizona citizens have freely exercised their right to amend the Constitution. The Constitution now has twenty-nine articles and over 40,000 words. This book will help you to read, study and understand the fundamental structure of Arizona's government and the rights and responsibilities of Arizona's citizens and elected officials. Demystifies the process of reading the Constitution, examines controversial issues and debates, and discusses the Supreme Court's constitutional role. This is the first modern, comprehensive reference on the Nebraska State Constitution. The guide consists of a constitutional history of all the important developments since 1875 and provides the full text of the constitution, article-by-article with commentary that interprets the basic law in full. A selected bibliography, a table of cases, and a full index add to the usefulness of this accessible one-volume reference. Study guide and review for Advanced Placement United States History for the student serious about doing well in the course. It serves as a great resource either while going through the course, or at the end of the course as a review before the AP exam. This book is directly aligned with "American Pageant" (15th Edition) so the student will do as well as possible during the course. Included are detailed outlines. The outlines link directly to each chapter and to each chapter's sub-sections, thus making it great for a student taking U.S. History and using Bailey and Kennedy's "American Pageant" as his or her main text and who strives to excel in the course. Note: this is the ebook/epub/ipad version. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. Beginning with the story of the forming of the Constitution, this book includes illuminating character sketches of the delegates, written by their contemporaries. The complete text of the Constitution is highlighted, as well as Supreme Court decisions, cited because they shed light on Constitutional problems. Geography, history, people, language, culture, traditions, economy, government, politics, constitution, places to visit, info for travelers. Updated annually A landmark work of more than one hundred scholars, The Heritage Guide to the Constitution is a unique line-by-line analysis explaining every clause of America's founding charter and its contemporary meaning. In this fully revised second edition, leading scholars in law, history, and public policy offer more than two hundred updated and incisive essays on every clause of the Constitution. From the stirring words of the Preamble to the Twenty-seventh Amendment, you will gain new insights into the ideas that made America, important debates that continue from our Founding, and the Constitution's true meaning for our nation Geography, history, people, language, culture, traditions, economy, government, politics, constitution, places to visit, info for travelers... Presents background material on how the United States Constitution came to be written, how it can be amended to reflect changes in American society, and how it is interpreted by the Supreme Court. Includes an annotated text of the document.
