"Modular Java" is a pragmatic guide to developing modular applications using OSGi, the framework for dynamic modularity in Java, and Spring Dynamic Modules, an OSGi extension to the Spring Framework. Fueled by media reports of gender bias in the schools, the debate over single sex education has been recently renewed. "Voices of Hope" asks for a reconsideration of the framing of that debate. For whom is single sex education better? For the attainment of which goals? What do girls gain by being schooled with male peers? What is lost? In this longitudinal study of more than fifty high school girls at four New England independent schools, Carole B. Shmurak follows their development from ninth grade through the first year of college. Case studies capture the girls' own voices as they describe their hopes for their futures and the events that subsequently affect those futures. Set against the backdrop of one of the most colorful countries in the world, A Glimpse of Eternal Snows is an inspiring story of courage, love and a family's determination to give their child the best life possible. In pulsating, polluted Kathmandu and an idyllic village on a river island at the foot of the Himalayas, 'Doctor Jane' and her engineer husband Simon hope to make a difference:

Jane to fulfil her vision to heal and advocate for the poor, Simon to avert the floods that threaten to devastate the land every monsoon season. The Nepali people are accepting of whatever fate flings at them and here the family find sanity, compassion and joy with baby David, who in England was little more than an 'interesting case'. This is a tale of Himalayan highs and monsoon lows, of cultural complexities, unexpected wildlife and rugged terrain, of vivid color, superstition and spicy smells. A step-by-step guide to drawing your favorite Nintendo heroes and villains. Business Communication is the newest Business Communication textbook that was created with students and professors needs in mind. This most recent edition of Harnessing AutoCAD continues in the tradition of previous versions by providing the widest selection of discipline-specific exercises and projects for learning how to use today's leading desktop design and drawing software. A smart how-to and reference manual, Harnessing AutoCAD 2004 contains up-to-the-minute functionality including extensively illustrated examples of 'prompt-response' sequences, whereby certain commands prompt users for additional information such as coordinates or dimensions to complete a function. The companion Exercise Manual has been also been updated, featuring problems in complete project format for practicing concepts and commands learned in chapter or section, as well as for testing single concepts and commands. This complete package is appropriate for either the novice or advanced user. The companion Exercise Manual provides more than 200 discipline-specific exercises and projects for learning how to use today's leading desktop design and drawing software. Updated to AutoCAD 2004, the manual features problems in complete project format that help readers practice concepts and commands modeled on AutoCAD use in the architectural, mechanical, electrical, and civil fields. What

Works in Reducing Domestic Violence? presents a wealth of information on domestic violence and the strategies which have proved effective for dealing with it. The book is outstanding for in the quality and number of its contributors, all of whom are well-known and respected in the field. The book is written to be accessible to practitioners, academics and any one engaged in multi-agency work in this area. Focusing on how to improve agency responses to women's needs, the chapters draw on a wide range of evaluations carried out internationally and on feedback from women themselves. Subjects covered include: ? housing needs; ?health services; the criminal justice response; ?children's needs; multi-agency working; perpetrators;? civil remedies; ?outreach and advocacy. The book also examines what is known about the risks of domestic violence and its costs, and makes the case for targeted interventions which will ultimately save both lives and money. The bibliography offers a most helpful listing of recent work in this field. This book has its origins in work commissioned in 1999 by the Home Office of England and Wales under its Crime Reduction Programme Violence against Women Initiative. Summaries of the work in each area were published as a Crime Reduction Programme Briefing Note which proved to be one of the most popular collections that the Home Office ever issued. The reports, now available in this book, represent the views of the authors, and should not be taken to be Home Office or Government policy. However, they amount to a comprehensive guide- which any professional in this field will want to have always to hand.

In a time so far from our own that we cannot comprehend it, humanity has spread amongst the stars and changed in more ways than we can count. But they have never forgotten their birthplace - Earth. But now Earth stands on the brink of catastrophe, at risk of being swallowed by a black hole. One man, Hanosz Prime, ruler of his world, is determined to visit Earth before it is destroyed. His abdication from his throne and his wanderlust are to prove the beginning of a much longer journey - one that will see him fall in love, meet the Oracles of Earth and perhaps, if he is very lucky, provide a means to save the cradle of humanity. Originally started by Robert Silverberg

more than 20 years ago but never completed, Hanosz's story is taken up by Alvaro Zinos-Amaro. Silverberg hand-picked Zinos-Amaro to complete the book, and provided notes and guidance. The result is a remarkable collaboration between one of the masters of SF and one of the most exciting new voices in the genre. "This book is intended to introduce managers or subject matter experts outside of information technology (IT) to the concepts behind virtualization technology, the different categories of virtualization, and how they are used."--Preface, p. vii. This important book, written by educational expert and urban school leader, Tom Payzant, offers a realistic understanding of what urban school leadership looks like from the inside. Payzant shares his first-hand knowledge of the unique managerial, instructional, and political tasks of this role. Effectively combining practical lessons and research, *Urban School Leadership* includes in-depth analysis of various leadership concerns. The book covers topics such as improving student achievement, working with unions, building community, and maintaining and developing resources. Most importantly, it offers stories of real school leaders whose successes and missteps reveal the inherent "messiness" of this difficult job. *Urban School Leadership* is part of the Jossey-Bass Leadership Library in Education series. "This important book provides compelling examples of how effective leaders can have hope, see progress, and achieve success for all children in the schools and districts they lead."—Richard Riley, former United States Secretary of Education "Tom Payzant is one of the few people who could provide such a comprehensive, useful book for educational leaders at all levels. This very practical book is grounded in the important experiences and impressive judgment of one of our nation's most successful school superintendents"—Jon Schnur, co-founder and CEO, New Leaders for New Schools "Tom Payzant is one of the finest urban educators of our generation. *Urban School Leadership* is compelling, crisp, and wise—providing a clear path for those dedicated to improving the trajectory of children's lives."—Timothy F.C. Knowles, executive director, Center for Urban School Improvement, University of Chicago "Urban School Leadership is a must read for anyone interested in the landscape of urban public education in America."—Beverly Hall, superintendent, Atlanta Public Schools
