History that doesn't suck: Smart, crude, and hilariously relevant to modern life. Those who don't know history are doomed to repeat it. Too bad it's usually boring as sh*t. Enter The Captain, the ultimate storyteller who brings history to life (and to your life) in this hilarious, intelligent, brutally honest, and crude compendium to events that happened before any of us were born. The entries in this compulsively readable book bridge past and present with topics like getting ghosted, handling haters, and why dog owners rule (sorry, cat people). Along the way you'll get a glimpse of Edith Wharton's sex life, dating rituals in Ancient Greece, catfishing in 500 BC, medieval flirting techniques, and squad goals from Catherine the Great. You'll learn why losing yourself in a relationship will make you crazy--like Joanna of Castile, who went from accomplished badass to Joanna the Mad after obsessing over a guy known as Philip the Handsome. You'll discover how Resting Bitch Face has been embraced throughout history (so wear it proudly). And you'll see why it's never a good idea to f*ck with powerful women--from pirate queens to diehard suffragettes to Cleo-f*cking-patra. People in the past were just like us--so learn from life's losers and emulate the badasses. The Captain shows you how. DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an

emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for **DISCIPLE IV: UNDER THE TREE OF LIFE**. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times. The Certified Nurse Examination Series prepares individuals for licensing and certification conducted by the American Nurses Credentialing Center (ANCC), the National Certification Corporation (NCC), the National League for Nursing (NLN), and other organizations. In this interactive board book, kids will love pulling the tabs to make Harry the wolf crunch his teeth! Harry the wolf loves scaring the other animals with his big teeth. He scares the sheep, the rabbits, and the bear cubs, but when he hears something in the bushes, he's afraid the mama bear is going to get him! But it turns out it's only his wolf buddies who want to give him a scare for a change! For courses in Music Fundamentals. This text offers a presentation

of the mathematics required to tackle problems in economic analysis. After a review of the fundamentals of sets, numbers, and functions, it covers limits and continuity, the calculus of functions of one variable, linear algebra, multivariate calculus, and dynamics. Here is one of the best books available on Structured Query Language (SQL), the industry-standard database language. Each SQL topic is introduced first at a conceptual level, then further illustrated with figures and examples. Open Database Connectivity (ODBC) is a standard API for accessing information from different data storage formats and programming interfaces. Support for ODBC is not limited to Microsoft; it's now an industry standard that nearly all DBMS vendors and major independent software vendors support. Inside ODBC, written by the architect of ODBC, Kyle Geiger, dispels the confusion about this technology by explaining its design, its architecture, and some of its history. Important considerations for the next release of ODBC - version 3.0 - are also covered. This is truly the inside story of ODBC, the key ingredient of next-generation client/server computing. For technical managers in corporate information systems groups, developers of ODBC-enabled drivers and applications, those involved in the process of downsizing from mainframes to distributed client/server computing, and database users who have heard of ODBC but don't really understand it, this book is essential reading. This collection of the Anti-Donatist Writings of Saint Augustine has all of the following works: On Baptism Answer to Letters of Petilian, Bishop of Cirta On the Correction of the Donatists Augustine, the man with upturned eye, with pen in the left hand, and a burning heart in the right (as he is usually represented), is a philosophical and theological genius of the first order, towering like a pyramid above his age, and looking down commandingly upon succeeding centuries. He had a mind uncommonly fertile and deep, bold and soaring; and with it, what is better, a heart full of Christian love and humility. He stands of right by the side of the greatest philosophers of antiquity and of modern times. We meet him alike on the broad highways and the narrow footpaths, on the giddy Alpine heights and in the awful depths of speculation, wherever philosophical thinkers before him or after him have trod. As a theologian he is facile princeps, at least surpassed by no church father, schoolman, or reformer. With royal munificence he scattered ideas in passing, which have set in mighty motion other lands and later times. He combined the creative power of Tertullian with the churchly spirit of Cyprian, the speculative intellect of the Greek church with the practical tact of the Latin. He was a Christian philosopher and a philosophical theologian to the full. Mini Encyclopedia Box Set is a great-value collection of 8 mini children's encyclopedia books for kids aged 8+. Updated applications and revised end-of-chapter problems. Controversial and iconoclastic, a veteran corporate manager and business school professor exposes the dangerous myths, fantasies, and delusions that pervade much of the business world today. A New York Review Books Original Hav is like no place on earth. Rumored to be the site of Troy, captured during the crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of Hav, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and caf  s. When Morris published *Last Letters from Hav* in 1985, it was short-listed for the Booker Prize. Here it is joined by *Hav of the Myrmidons*, a sequel that brings the story up-to-date. Twenty-first-century Hav is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own blinkered view of the past. Morris' s only novel is dazzlingly sui-generis, part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an extraordinary place that never was, but could well be. As a working tool for professionals, this easy-to-understand resource provides clear, detailed guidance on smart, credit and debit cards, JavCard and OpenCard Framework. Admitting you're a bell-end is the first step to salvation... KSI is one of the biggest and baddest YouTube stars on the planet. No one is spared, as KSI takes down fellow YouTubers, trolls, paedos, Tinder catfishers and Nigerian scammers in an all-out assault on the online universe. Along the way he also reveals how to become a YouTube kingpin as well as his hot Fifa tips, before he unveils his online revolution to help save the next generation from his fate. So, if you want to avoid becoming a total bell-end, then calm your tits, and simply take the medicine KSI is dishing up.

Killer Verse: Poems of Murder and Mayhem is a spine-tingling collection of terrifically creepy poems about the deadly art of murder. The villains and victims who populate these pages range from Cain and Abel and Bluebeard and his wives to Lizzie Borden, Jack the Ripper, and Mafia hit men. The literary forms they inhabit are just as varied, from the colorful melodramas of old Scottish ballads to the hard-boiled poetry of twentieth-century noir, from lighthearted comic riffs to profound poetic musings on murder. Robert Browning, Thomas Hardy, W. H. Auden, Stevie Smith, Mark Doty, Frank Bidart, Toi Derricotte, Lynn Emanuel, and Cornelius Eady are only a few of the many poets, old and new, whose work is captured in this heart-stopping—and criminally entertaining—collection.
