They are tearing down relationships by turning your friends and your family into customers. Ever heard the expression "Never mix business with family"? There is a reason for that. By adding transactions to your relationships it complicates matters (especially when one or more of you end up losing money). I grew up around multi-level marketing companies and always assumed I would become a representative one day. I'm a natural salesperson and leader so it seemed like a great fit. I couldn't wait to turn 18 so that I could sign up. But somewhere along the way I started to realize that this business model does not work in the favor of the representatives. I did more research and found out that nearly everyone who pursues this business will lose money. I continued to research and that's when I started this book. I interviewed some former representatives and found common themes of regret, money wasted, and time lost. As I continued to read other people's stories, I became passionate about spreading the word -- MLMs are a scam! Unfortunately, I do not see these companies going away through government regulation. If anything, the government is protecting these business. It will be up to us as individuals to open our eyes to the scam that they are and stop joining and supporting them. Instant bonding, instant communication,

Leadership is a learned skill. No one is a "natural-born leader." Babies aren't given a manual on how to be an adult. Adulthood is learned from others. So how will we teach eager distributors to become leaders? By showing, participating, experiencing ... and of course, sharing stories. Yes, our distributors could imitate us to become leaders, but not everyone is created the same, with the same set of skills or advantages. So there must be common lessons everyone can learn for leadership. Inside this book you will find many ways to change people's viewpoints, to change their beliefs, and to reprogram their actions. And when these three things change, the results will naturally change too. Building leaders in your organization is the best investment in financial security you can make. The return on your investment is paid over and over again. And the earnings from developing one good leader could dwarf the monthly payout of almost any retirement plan. Are you in a MLM company you love, but just can't find REAL prospects to talk to? Tried 'online' leads but found you just wasted your time and money? Many networkers are well past the 'warm market' stage, and are struggling to find success. It seems the entire world has gone online and the problem that networkers face is sticking out in an ever increasing ocean of websites, mobile apps, opt-in forms, blog posts, Facebook Likes, Youtube movies and Tweets. It never ends. There is an alternative. Because the world HAS gone online, good old fashioned Direct Mail works! Why? Because no one gets 'real' mail anymore. You have zero competition! And what's more real than a picture postcard? NOTE: What This Book is NOT about: this book in no way teaches you to send those ugly, tacky, pre-printed, glossy pictures of fast

expensive cars or mansions, or YELLOW 'print your own' postcards. NO, NO, NO! If you are engaged in postcard marketing, buying glossy tacky 'in your face' MLM style postcards and mailing them out - or worse - paying to have them mailed out - I'll show you a method that will increase your success by a massive amount - because I guarantee your message will be read if you use the method I teach. Or, if you are prospecting with one of those 'print your own' cards at the local Office Max, mailing out thousands until you're broke by sending ugly cards - you will be so happy switching to my method because it will save you time, money, you'll mail out less cards and get massive more results. Again, because I guarantee your prospect will read your message. I will show you a method that combines two of the most important recruiting factors for success in MLM: Mass Recruiting and Personalization. NO - this is not about using computer 'hand writing fonts'!!! No, I'll show you a method to recruit massively with postcards, in a very personalized way for your prospect to find it impossible to not read your message and make a call. This works. This book is based on my famous postcard seminars that were part of a \$10,000 MLM insider's weekend training. You will get this same information for less than \$20. Full Disclosure: This is a short, to the point book. It's not full of padding or fluff, (however, I do trace for you how I discovered my introduction into Direct Mail for MLM Recruiting by a presidential fundraiser). It's a 'How To' book. You are paying for the system, the magic, and the fact that you won't need any other information to get started. I have included low or no budget methods as well. Please NOTE: This book is for MLM or Network Marketing recruiting. The information here is for network marketers who want to build downlines and offer a system to their team that does not rely on 'buying leads' from the internet and telemarketing 'survey leads', 'real time leads', 'fresh leads', or any of the other scammy descriptions of absolutely terrible leads for sale by lead companies. Looking for a Low cost, but highly efficient network marketing tool way to get REAL leads? This is it. Forget Internet leads - recruit real people not virtual names. What if you could earn money based on the results of your work instead of the number of hours worked? This means that the better you are at your work, the faster you can finish it. And the faster you can finish, the more work you can take -- which means more money. Don't you wish all jobs were like this? It's unfortunate that most jobs are stuck in the old tradition where employees are paid by the hour. You are not alone in wishing there was a job that offered autonomy instead of working from 9 to 5. Regardless of how productive you are in those hours, you only get paid by the hours, not the results. Fortunately, you don't have to get stuck in this kind of system. Carl Donovan, business owner and author of numerous books on business productivity, talks about how multi-level marketing can help you become an independent business owner through his new released book, Multi-level Marketing: The Beginners Guide to Starting Out with Multi-Level Marketing. The harder you work, the more you earn. In multi-level marketing, you are in full control of how successful you want your business to be. Because multi-level marketing has produced so many

successful people, small businesses have taken advantage of the business model without building a strong foundation for its members. Some end up feeling discouraged with multi-level marketing and vow never to join a company again. Donovan's Multi-level Marketing will help you avoid just that. In a sea of companies that promises to make you part of the successful few, it can be a bit confusing which companies to join. This book has all the valuable information you need to help you navigate the world of multi-marketing. In the book, Donovan discussed the following points:

- A list of the world's top 35 multi-level marketing companies
- How to successfully implement the multi-marketing model
- Myths about multi-level marketing
- Mistakes to avoid in multi-level marketing
- Multi-level marketing tips for introverts
- How to grow a highly profitable business

These are just a few of the many lessons you will learn from the book. So what are you waiting for? Don't get stuck getting paid by the hour, but by the amount of work you do. Earn as much as you wish to. No other business strategy offers you this kind of freedom and income the way multi-marketing does. Are you still struggling to figure out how the top earners do it? The secret is that they use personal transformation mindset training and self-help techniques to overcome every obstacle that is standing in their way and now you can too! Let me ask you a simple question. Do you really know what it takes to create success in this business? Is it looks, talent, abilities or just plain old dumb luck? Is it some unexplainable thing that only a few special people can obtain? If it is then why be in this business in the first place! No, it is much more than that and it is something that everyone including you can have. Successful people have certain traits and one of the big ones is that they have trained their brain for success and if they can do it so can you.
