This e-book provides day-wise questions on Current happenings, Static and

Banking Awareness. The book will be incorporating more than 300 questions based on the current affairs of 1st of June 2019 to 30th of June 2019 from The Hindu newspaper and are prepared by Gopal Anand Sir. Salient features of "The Hindu Based Current Affairs One-liner Questions Practice E-book": -Day-wise questions on Current, Static and Banking Awareness - Incorporates more than 300 questions - Questions based on the news from 1st of June 2019 to 30th of June 2019 -Available in the English Language Validity 12 Months Academic E-Books Nov 11 2021 Academic E-Books: Publishers, Librarians, and Users provides readers with a view of the changing and emerging roles of electronic books in higher education. The three main sections contain contributions by experts in the publisher/vendor arena, as well as by librarians who report on both the challenges of offering and managing e-books and on the issues surrounding patron use of e-books. The case study section offers

perspectives from seven different sizes and types of libraries whose librarians describe innovative and thought-provoking projects involving e-books. Read about perspectives on e-books from organizations as diverse as a commercial publisher and an association press. Learn about the viewpoint of a jobber. Find out about the e-book challenges facing librarians, such as the quest to control costs in the patron-driven acquisitions (PDA) model, how to solve the dilemma of resource sharing with e-books, and how to manage PDA in the consortial environment. See what patron use of e-books reveals about reading habits and disciplinary differences. Finally, in the case study section, discover how to promote scholarly e-books, how to manage an e-reader checkout program, and how one library replaced most of its print collection with e-books. These and other examples illustrate how innovative librarians use e-books to enhance users' experiences with scholarly works.

## **EBOOK: E-Learning Groups and**

**Communities** Apr 16 2022 How can we design networked e-learning courses to ensure students participate in them and engage in quality learning outcomes? What happens in an e-learning course that is designed to foster group work and a sense of 'community'? How can we research e-learning practice in ways that will enhance the processes of learning and teaching? This book outlines approaches to networked e-learning course design that are underpinned by a belief that students learn best in these contexts when they are organised in groups and communities. As such, the book is one of the first to provide a detailed analysis of what goes on in e-learning groups and communities. But how do students react to working in e-learning groups and communities? What determines their willingness to adopt new forms of learning in order to participate in these new courses? What actually happens in an e-learning community, and what impact does this have on students and

tutors? This book examines these key questions through a variety of research approaches aimed at exploring the experience of e-learners as they participate in successful e-groups and communities. It also offers ways in which learning outcomes may be achieved in these communities and outlines the specific skills that students would develop through e-learning. E-learning Groups and Communities is essential reading for teachers, trainers, managers, researchers and students involved in e-learning courses as well as people interested in improving the quality of the learning experience. *LaFosse & Alexander's Origami Flowers Kit* Sep 21 2022 Make beautiful and decorative paper flowers with this easy origami kit. **Raj the Bookstore Tiger** Dec 20 2019 Read Along or Enhanced eBook: Being a bookstore tiger is hard work. There's much patrolling, and a lot of sitting in laps at story hour, and then there's sleeping in the window display. But Raj is up to the task. He is fierce and proud—until

Snowball comes along. The new cat in the bookstore informs Raj that he's just a marmalade kitty-cat. Times get tough, then, for the bookstore tiger. But bookstore and Raj owner Felicity, with the help of poet William Blake, knows how to fix things. In turn, with a very special book, Raj is able to fix things with Snowball. Paige Keiser's quirky, intimate illustrations invite readers to curl up and share a story—with their own tigers or a friend.

Words of Jesus for Men (eBook) Mar 03 2021

The four Gospels are a treasure trove of wisdom and truths that Jesus shared with those around Him. WORDS OF JESUS FOR MEN is the perfect devotional for men with its 366 succinct messages by well-known radio personality and author, Riekert Botha. Each devotion begins with a Scripture verse consisting of Jesus' words. Men will view Jesus' words from a fresh perspective by studying short Scripture quotations from our Master Teacher with Riekert. Themes such as right and wrong, Jesus'

example and love are passed on with nuggets of advice, challenges and encouragement. Each devotion in WORDS OF JESUS FOR MEN is accompanied by a prayer for the day or a practical application to not just listen to Jesus' words, but to LIVE them!

**A House Divided** Feb 02 2021 The first book in the epic suspenseful romantic fantasy Astoran Asunder series. Contains mature content. Cianne Wyland leads a double life. No one in House Staerleigh would suspect that the meek woman on whom they heap their disdain is a gatherer of secrets. Determined to uncover whether the House's upper echelon—including her own father—are engaging in illicit activities in a grasp for control of the House, Cianne has made an art of slipping into their homes to rifle through their private lives. Kila an Movis is an Enforcer. Gods-gifted with an extraordinary ability to piece together physical clues, he's entrusted with protecting the vulnerable from crime. But his habit of expressing his opinions a

little too freely earned him a nine-year banishment to the wilds, and he's determined to be more circumspect upon his return to the trade city. When someone close to Cianne dies and Kila is called out to investigate the scene, her world and his collide once more. His long absence hasn't driven the memory of him from her heart, but the woman he encounters isn't the child he remembers. Unwilling to trust anyone else, Cianne enlists Kila's help. The deeper they dig, the more secrets they unearth about her father, the other House members, and her entire life—until Cianne discovers that House Staerleigh is built on a foundation of lies.

on Rust: an open source systems programming language that helps you write faster, more reliable software. Rust offers control over low-level details (such as memory usage) in combination with high-level ergonomics, eliminating the hassle traditionally associated with low-level languages. The authors of The Rust Programming Language, members of the Rust Core Team, share their knowledge and experience to show you how to take full advantage of Rust's features--from installation to creating robust and scalable programs. You'll begin with basics like creating functions, choosing data types, and binding variables and then move on to more advanced concepts, such as:

- Ownership and borrowing, lifetimes, and traits
- Using Rust's memory safety guarantees to build fast, safe programs
- Testing, error handling, and effective refactoring
- Generics, smart pointers, multithreading, trait objects, and advanced pattern matching
- Using Cargo, Rust's built-in package manager, to build, test,

and document your code and manage dependencies

- How best to use Rust's advanced compiler with compiler-led programming techniques

You'll find plenty of code examples throughout the book, as well as three chapters dedicated to building complete projects to test your learning: a number guessing game, a Rust implementation of a command line tool, and a multithreaded server. New to this edition: An extended section on Rust macros, an expanded chapter on modules, and appendixes on Rust development tools and editions.

**Weather Wise! (ENHANCED eBook)** Jan 25 2023 Make thunder in a can and lightning in a pan, watch the wind at work, learn snow facts and folklore and much, much more! In 10 easy-to-follow chapters, children in grades 1-4 are introduced to the many faces of weather, investigating their environment and making exciting discoveries along the way! Each chapter features indoor and outdoor learning opportunities from experiments and sky
