A March of Liberty Feb 11 2021

The Statue of Liberty Feb 06 2023 Over 125 years ago our beloved Statue of Liberty made its way to New York Harbor. This Step 2 non-fiction reader uses illustrations and photographs to tell the story of how Lady Liberty was sculpted, transported from France, unveiled, and made into an American icon.

Isaiah Berlin and the Politics of Freedom Mar 15 2021 Isaiah Berlin and the Politics of Freedom brings together an integrated collection of essays by noted and emerging political theorists that commemorate in a critical spirit the recent 50th anniversary of Isaiah Berlin's famous lecture and essay, "Two Concepts of Liberty." The contributors use Berlin's essay as an occasion to rethink the larger politics of freedom from a twenty-first century standpoint, bringing Berlin's ideas into conversation with current political problems and perspectives rooted in postcolonial theory, feminist theory, democratic theory, and critical social theory.

Liberty and Equality Mar 03 2020 Alexis de Tocqueville, one of the greatest commentators on the American political tradition, viewed it through the lens of two related ideas: liberty and equality. These ideas, so eloquently framed by Thomas Jefferson in the Declaration of Independence, have remained inextricably and uniquely conjoined in American political thought: equality is understood as the equal possession of natural rights to life, liberty, and the pursuit of happiness. By

considering American reflections on these core ideas over time—in relation to constitutional principles, religion, and race—this volume provides an especially insightful perspective for understanding our political tradition. The book is at once a summary of American history told through ideas and an inquiry into the ideas of liberty and equality through the lens of American history. To a remarkable extent, American politics has always been thoughtful and American thought has always been political. In these pages, we see how some of our greatest minds have grappled with the issues of liberty and equality: Tocqueville and Jefferson, Alexander Hamilton as Publius in *The Federalist*, James Madison, George Washington, William Lloyd Garrison, Frederick Douglass, Abraham Lincoln debating Stephen Douglas, and Franklin D. Roosevelt. In essays responding to these primary sources, some of today's finest scholars take up topics critical to the American experiment in liberal democracy—political inequality, federalism, the separation of powers, the relationship between religion and politics, the history of slavery and the legacy of racism. Together these essays and sources help to clarify the character, content, and significance of American political thought taken as a whole. They illuminate and continue the conversation that has animated and distinguished the American political tradition from the beginning—and, hopefully, better equip readers to contribute to that conversation.

The Pox of Liberty Dec 12 2020 "Werner Troesken looks at the history of the United States with a focus on three diseases (smallpox, typhoid fever, and yellow fever) to show how constitutional rules and provisions that promoted individual liberty and economic prosperity also influenced, for good and for bad, the country's ability to eradicate infectious disease. Ranging from federalism under the Commerce Clause to the Contract Clause and the Fourteenth Amendment, Troesken argues persuasively that many institutions intended to promote desirable political or economic outcomes also hindered the provision of public health"--Dust jacket.

The Structure of Liberty Nov 22 2021 In this provocative and engaging new book, Randy Barnett outlines a powerful and original theory of liberty structured by the liberal conception of justice and the rule of law. Drawing on insights from philosophy, political theory, economics, and law, he shows how this new conception of liberty can confront, and solve, the central societal problems of knowledge, interest, and power.

Faith and Liberty Aug 20 2021 For most economic historians, the world began with Adam Smith, but Chafuen (George Mason U.) looks back to the economic thinking of the Hispanic Scholastics of about 1350 to 1500 in Spain. Private property, public financing, the theory of money, distributive justice, and interest and banking are some of the matters they dealt with. No date is noted for the first edition; the second seems only to incorporate corrections. Annotation (c)2003 Book News, Inc.,

Portland, OR (booknews.com).

Statue of Liberty Oct 02 2022 Presents a brief history of the Statue of Liberty and describes how France gave the statue to New York City to commemorate the relationship between the two countries, the creation and erection of the statue, and how its meaning has changed.

My Little Golden Book About the Statue of Liberty Sep 08 2020 Now the littlest readers can learn about how the Statue of Liberty came to be—and what it means to people all over the world. In this engaging book, preschoolers will learn the fascinating story behind the creation of the Statue of Liberty. Simple words and bright artwork bring to life the story of the people—a professor, a sculptor, a poet, a newspaperman—who helped establish this famous landmark. Little ones will learn that the torch was created first, in time for America's 100th birthday, and displayed in a park. And they'll gain a clear understanding of what the Statue of Liberty has always meant to people around the world. Fun facts, such as how schoolchildren gave their pennies to help pay for the base of the statue, complete this charming nonfiction Little Golden Book.

Engines of Liberty Jan 13 2021 "Most Americans see the Supreme Court as the ultimate arbiter of constitutional freedoms. They are not wrong to do so: most of the major changes we have seen to our constitutional rights in the past 200 years--ending segregation, prohibiting sex discrimination, protecting political association--have come about because of decisions made by the Supreme Court. But as the award-winning constitutional scholar David Cole argues in *The Spirit of Liberty*, while the Supreme Court may be the final decision maker, it is not the true

source of constitutional change. Citizen activists are. Many times in this nation's history, citizens have fought to get their causes on the Court's docket--and have successfully waged parallel battles in the court of public opinion, which often guides the Supreme Court's decisions. Through the stories of three successful campaigns--for same-sex marriage, against gun control, and for civil liberties in the War on Terror--Cole reveals how advocates and interest groups sway the Supreme Court and, in the process, rewrite constitutional law. "--

The Story of Liberty Jul 31 2022 The Story of Liberty, America's Heritage through the Civil War links the ancient and medieval worlds with the United States of America, then explores America's crucial role in the history of liberty. Do you know the answers to the following questions? Read to find out! How did Judaism, Christianity, Greece, and Rome influence the American Founding Fathers? How were the founding principles of America introduced in the ancient and medieval worlds? How did England play a crucial role in the development of representative democracy? How did Columbus' great discovery change the history of the world? What was the Enlightenment and how did it influence the founding of the U.S.A? What is American Exceptionalism? What makes America unique? How did the colonial experiences prepare American men and women to establish the modern world's first republic? How do the Declaration of Independence and the Constitution reflect Jewish and Christian principles? What made the American Founding Fathers great men and leaders? Why did the American Founding Fathers establish a limited government? How did free market capitalism allow for the world's most dynamic economy of the 19th century? Which Presidential policies went against the Constitution and state laws? How did America's expansion spread individual rights? How did immigration shape the U.S.A? Why were leaders of the Women's Rights Movement of the 19th century against abortion rights? How did the presidencies of Andrew Jackson and Abraham Lincoln affect the size and scope of the American government? How were the ideals of the United States of America more fully realized with the freeing of the slaves in 1865? Historian: In The Story of Liberty, written for ages 11 to young adults, America's foundations are traced from the Hebrews and the Christian religious traditions to the Greek and Roman political traditions to the establishment of government in the English colonies in America. The Story of Liberty highlights---often with primary source documents such as the "Mayflower Compact" the first Thanksgiving Declaration, a section from the account of Paul Revere's ride---fleshes out the narration with easily-readable charts on such things as the differences between Republicans and Federalists or the size of early American cities. The book ends with Lincoln's assassination, and a second volume from 1865 to the present is planned. Loosely based on A Patriot's History of the United States by myself and Michael Allen (who did the foreword), The Story of

Liberty strongly integrates the timeless principles of the sanctity of life, freedom of choice, government by representatives, trial by jury, division of power in government, and more. Strongly recommended. "John has a unique way of telling the story of the United States. He places special emphasis on America's place in the history of advancing Western Civilization. He begins with our classical roots and ties to ancient Hebrew, Greek, Roman, and Western European institutions. Just as importantly, he accurately weaves the story of Christianity and Christian values into the American story... John relates the truth about the American past by telling about our many good qualities and accomplishments as well as the setbacks our nation has endured during its long history...Young American history students and their teachers have long yearned for a book like the one you now hold in your hands." -Dr. Michael Allen, co-author of the #1 New York Times best-selling book, A Patriot's History of the United States. Professor at the University of Washington, Tacoma and Editor of The Story of Liberty, America's Heritage Through the Civil War

The Anglo-American Tradition of Liberty Apr 15 2021 Joao Carlos Espada's provocative survey of a group of key Anglo-American and European political thinkers argues that there is a distinctive, Anglo-American tradition of liberty that is one of the core pillars of the Free World. Giving a broad overview of the tradition through summaries of the careers and ideas of fourteen of its key thinkers, neglected despite having been tremendously influential in the tradition of liberty, the author engages with current set ideas about the meaning of 'liberal' and 'conservative' to offer an engaging, intellectual case for liberal democracy.

On Liberty Oct 22 2021 In his much quoted, seminal work, On Liberty, John Stuart Mill attempts to establish standards for the relationship between authority and liberty. He emphasizes the importance of individuality which he conceived as a prerequisite to the higher pleasures-the summum bonum of Utilitarianism. Published in 1859, On Liberty presents one of the most eloquent defenses of individual freedom and is perhaps the most widely-read liberal argument in support of the value of liberty.

***The Statue of Liberty* Jun 05 2020 The world's most famous sculpture, the Statue of Liberty, Liberty Enlightening the World, rises to a height of 305 feet from the base of her pedestal to the top of the golden flame of her torch. Conceived, designed, and originally built in France, she was unveiled on her new island home in 1886. The postcard trade, still in its infancy, embraced the icon, and Miss Liberty's commanding figure soon appeared on millions of postcards. In this book, one will see the statue from many angles—profiles, long shots, close-ups, aerials, torch views, and more.**

The American Revolution and the Politics of Liberty Jun 17 2021 In recent years historians of the American Revolution have become increasingly convinced that political ideas, rather than material interests, were what ultimately led American colonists to fight for independence from Great Britain. During the years preceding the Revolution, Americans explained their resistance to British rule in principled terms. They understood liberty to be something real, valuable, and seriously threatened by British actions that were not merely impolitic but fundamentally unjust. American statesmen contended that certain basic principles had to rule governments, and they developed careful, complex arguments to persuade others, in the colonies and in Britain, that the British government was violating these principles to an extent that prudent, well-informed citizens could not allow. *The American Revolution and the Politics of Liberty* is a systematic account of the political thought of the leaders of the American Revolution. In his first six chapters, Robert H. Webking analyzes in turn the ideas of James Otis, Patrick Henry, John Dickinson, Samuel Adams, John Adams, and Thomas Jefferson. Webking examines the political contributions of each of these men and explicates the assumptions and implications of their arguments against the British. He explains their ideas about the goals of American politics, the methods that ought to be used to reach those goals, and the circumstances that would make revolution just and prudent. In the ensuing chapters Webking presents an overview of the political thought behind the American Revolution based on his analysis of these six political leaders. He addresses the average colonial American's level of political sophistication, the American conception of liberty and its importance, and the American perception of the British threat to that liberty. The thinkers that Webking studies are recognized now, as they were in their time, as the major figures in American Revolutionary thought. The principles that they discussed, refined, and implemented continue to serve as the foundation for American government. *The American Revolution and the Politics of Liberty* offers a complete and sophisticated understanding of the contribution these leaders made to American politics.

***Let Liberty Rise!* May 05 2020** How did 121,000 Americans save their most beloved icon? Here is an inspiring story about the power we have when we all work together!

"All rise to this evocative, empowering offering." -- Kirkus Reviews On America's 100th birthday, the people of France built a giant gift! It was one of the largest statues the world had ever seen -- and she weighed as much as 40 elephants! And when she arrived on our shores in 250 pieces, she needed a pedestal to hold her up. Few of America's millionaires were willing to foot the bill. Then, Joseph Pulitzer (a poor Hungarian immigrant-cum-newspaper mogul) appealed to his fellow citizens. He invited them to contribute whatever they could, no matter how small an amount, to raise funds to mount this statue. The next day, pennies, nickels, dimes, and quarters poured in. Soon, Pulitzer's campaign raised enough money to construct the pedestal. And with the help of everyday Americans (including many thousands of schoolchildren!) the Statue of Liberty rose skyward, torch ablaze, to welcome new immigrants for a life of freedom and opportunity! Chana Stiefel's charming and immediate writing style is perfectly paired with Chuck Groenink's beautiful, slyly humorous illustrations. Back matter with photographs included.

The Liberty Book May 09 2023 News reports bring to our ears daily stories of further intrusion in our lives and increased regulations too many to number. America is losing its heritage of God-given freedoms, which were originally derived from biblical teaching. We sense that our well-sung liberties are being lost to a point of no return. The Liberty Book examines the Christian roots of liberty, idolatry, taxation, foundations for freedom, the right to bear arms, the great freedom documents in history, pro-life and liberty, land rights, social involvement, and more. With God's help freedom can be revived. We must all work to pull America back from the cliffs-edge fall into tyranny. Our nation is again in search of genuine liberty under God. Discover what Bible-based liberty looks like and how it can be won for you and your children.

Death and Taxes Jan 31 2020 Teenage runaway slaves with superhuman powers, a Hessian giant, the most evil slave owners imaginable, and Benjamin Franklin: this story of the Revolution blends fact and fantasy in an imaginative reinterpretation of a critical time in American history.

Liberty Book of Home Sewing Aug 08 2020 Crafters and fashion lovers will be lining up to get their hands on the very first sewing book from internationally popular and uber-stylish textile brand Liberty. Brimming with lavish photographs of bold, graphic fabrics, The Liberty Book of Home Sewing offers 25 irresistible and easy-to-make projects that allow readers to incorporate a touch of Liberty elegance into their home. Simple enough for beginners, the projects range from feminine totes and aprons to handy pincushions and book covers, full-sized quilts, chic throws, plush cushions, and more. With color step-by-step illustrations, detailed instructions, and plenty of inspiration, plus an exquisite fabric cover, this enchantingly beautiful book will be treasured by longtime Liberty fans and young

crafters alike.

The Blessings of Liberty Nov 10 2020 This concise, accessible text provides students with a history of American constitutional development in the context of political, economic, and social change. Constitutional historian Michael Benedict stresses the role that the American people have played over time in defining the powers of government and the rights of individuals and minorities. He covers important trends and events in U.S. constitutional history, encompassing key Supreme Court and lower-court cases. The volume begins by discussing the English and colonial origins of American constitutionalism. Following an analysis of the American Revolution's meaning to constitutional history, the text traces the Constitution's evolution from the Early Republic to the present day. This third edition is updated to include the election of 2000, the Tea Party and the rise of popular constitutionalism, and the rise of judicial supremacy as seen in cases such as *Citizens United*, the Affordable Care Act, and gay marriage.

***The Game of Liberty* Sep 20 2021**

Seeds of Liberty Dec 24 2021

The Outlandish Adventures of Liberty Aimes May 29 2022 Liberty Aimes has spent all of her ten years captive in her parents' crooked old house on Gooch Street. Her sly father, Mal Aimes, is a crook who sells insurance, while her overweight mother sits at home in front of the TV, demanding that Liberty cook nonstop, everything from fried clams and fried hot dogs to ice cream sundaes. Liberty's only knowledge of the outside world comes from the secret stash of children's books and fairy tales she discovered beneath the floorboards. One day, Liberty works up the courage to enter her father's forbidden basement laboratory. There she discovers a world of talking animals and magic potions. With the aid of one such potion, Liberty escapes into the world--and learns that she can talk to animals. She decides her destiny is to find the renowned Sullivan School, where she can live and get an education. Along the way, she meets a wacky cast of characters--some become true friends, but others want to kidnap her.

***Visions of Liberty* Nov 03 2022** Looks at the history of the struggle for basic rights in America, focusing on the freedom of conscience and of expression, fundamental fairness, and equality

A Theory of Liberty May 17 2021 First published in 1992. A Theory of Liberty seeks to change the way we think about the American constitution. The focus of the book is the legal status of minority groups in the United States a topic at the top of the current political agenda. Arguing that minority rights were vitally important to the founding fathers, H. N. Hirsch presents an original and provocative look at issues such as affirmative action, abortion, and the rights of children, lesbians and gay men, mental patients, and the physically disabled. In an analysis which blends

history, philosophy, law, and social science, Hirsch attacks both liberals who hide from history and conservatives who push for "original intent." He argues that we can remain faithful to the most basic intent of the founding fathers without losing our ability to reinterpret the Constitution against the backdrop of contemporary social "facts." Hirsch exposes the errors and hypocrisy of the current Supreme Court majority, and argues that the Constitution's liberty can and should be interpreted to protect the rights of minority groups. Timely and controversial, this title offers a challenging look at some of America's most basic ideological commitments, and will appeal to anyone concerned with the current state of American law or the treatment of minority groups.

Enlightening the World Apr 03 2020 A history of the Statue of Liberty that discusses the design of the sculpture, the people who created it, and the events in France and the United States that influenced them.

100 Great Books of Liberty Dec 04 2022 Dozens of Australia's best thinkers, writers and commentators reassess the books that provide the foundation for liberty and democracy in Australia and around the world. From Adam Smith's *Wealth of Nations* to Anthony Burgess' *A Clockwork Orange*, and everything in between, Australian freedom has been influenced by - and influenced - the greatest ideas from around the world. of interest to students of liberty and political pundits alike, 100 Great Books of Freedom also brings out the neglected Australia legacy of liberty, identifying the 19th and 20th century classics by Bruce Smith, Keith Hancock, CD Kemp, WE Hearn and many, many others. With contributions from some of Australia's leading liberal, conservative and libertarian writers, including Michael Duffy, John Roskam, Wolfgang Kasper, Sam Gregg, John Hyde, Andrew Norton, Suri Ratnapala, John Nethercote, David Kemp, Peter Saunders, and dozens more, 100 Great Books of Freedom is not just a guide to the world's best thinking about liberty, but is a clear picture of intellectual life in Australia in the first decade of the 21st century. While governments and politicians around the world are spending, regulating and restricting individual liberty at an unprecedented pace, The 100 Great Books of Freedom is an essential addition to Australia's liberal identity. 100 Great Books of Freedom is a joint project of the Institute of Public Affairs and Mannkal Economic Education Foundation.

The Contagion of Liberty Jan 05 2023 A timely and fascinating account of the raucous public demand for smallpox inoculation during the American Revolution and the origin of vaccination in the United States. The Revolutionary War broke out during a smallpox epidemic, and in response, General George Washington ordered the inoculation of the Continental Army. But Washington did not have to convince fearful colonists to protect themselves against smallpox—they were the ones demanding it. In The Contagion of Liberty, Andrew M. Wehrman describes a

revolution within a revolution, where the violent insistence for freedom from disease ultimately helped American colonists achieve independence from Great Britain. Inoculation, a shocking procedure introduced to America by an enslaved African, became the most sought-after medical procedure of the eighteenth century. The difficulty lay in providing it to all Americans and not just the fortunate few. Across the colonies, poor Americans rioted for equal access to medicine, while cities and towns shut down for quarantines. In Marblehead, Massachusetts, sailors burned down an expensive private hospital just weeks after the Boston Tea Party. This thought-provoking history offers a new dimension to our understanding of both the American Revolution and the origins of public health in the United States. The miraculous discovery of vaccination in the early 1800s posed new challenges that upended the revolutionaries' dream of disease eradication, and Wehrman reveals that the quintessentially American rejection of universal health care systems has deeper roots than previously known. During a time when some of the loudest voices in the United States are those clamoring against efforts to vaccinate, this richly documented book will appeal to anyone interested in the history of medicine and politics, or who has questioned government action (or lack thereof) during a pandemic.

Sweet Land of Liberty Mar 07 2023 Sweet Land of Liberty is Thomas J. Sugrue's epic account of the abiding quest for racial equality in states from Illinois to New York, and of how the intense northern struggle differed from and was inspired by the fight down South. Sugrue's panoramic view sweeps from the 1920s to the present—more than eighty of the most decisive years in American history. He uncovers the forgotten stories of battles to open up lunch counters, beaches, and movie theaters in the North; the untold history of struggles against Jim Crow schools in northern towns; the dramatic story of racial conflict in northern cities and suburbs; and the long and tangled histories of integration and black power. Filled with unforgettable characters and riveting incidents, and making use of information and accounts both public and private, such as the writings of obscure African American journalists and the records of civil rights and black power groups, Sweet Land of Liberty creates an indelible history.

A Brief History of Liberty Apr 27 2022 Through a fusion of philosophical, social scientific, and historical methods, A Brief History of Liberty provides a comprehensive, philosophically-informed portrait of the elusive nature of one of our most cherished ideals. Offers a succinct yet thorough survey of personal freedom Explores the true meaning of liberty, drawing philosophical lessons about liberty from history Considers the writings of key historical figures from Socrates and Erasmus to Hobbes, Locke, Marx, and Adam Smith Combines philosophical rigor with social scientific analysis Argues that liberty refers to a range of related but

specific ideas rather than limiting the concept to one definition

Empire of Liberty Feb 23 2022 Empire of Liberty takes a new look at the public life, thought, and ambiguous legacy of one of America's most revered statesmen, offering new insight into the meaning of Jefferson in the American experience. This work examines Jefferson's legacy for American foreign policy in the light of several critical themes which continue to be highly significant today: the struggle between isolationists and interventionists, the historic ambivalence over the nation's role as a crusader for liberty, and the relationship between democracy and peace. Written by two distinguished scholars, this book provides invaluable insight into the classic ideas of American diplomacy.

Ladies of Liberty Apr 08 2023 In this eye-opening companion volume to her acclaimed history *Founding Mothers*, number-one New York Times bestselling author and renowned political commentator Cokie Roberts brings to life the extraordinary accomplishments of women who laid the groundwork for a better society. Recounted with insight and humor, and drawing on personal correspondence, private journals, and other primary sources, many of them previously unpublished, here are the fascinating and inspiring true stories of first ladies and freethinkers, educators and explorers. Featuring an exceptional group of women—including Abigail Adams, Dolley Madison, Rebecca Gratz, Louise Livingston, Sacagawea, and others—*Ladies of Liberty* sheds new light on the generation of heroines, reformers, and visionaries who helped shape our nation, finally giving these extraordinary ladies the recognition they so greatly deserve.

***Liberty* Oct 10 2020**

***What Is the Statue of Liberty?* Sep 01 2022** In 1876, France decided to give the United States a very big and very special present--the Statue of Liberty. The gift was to commemorate the 100th birthday of the United States, and just packing it was no small feat--350 pieces in 214 crates shipped across the ocean. The story of how the 111-foot-tall lady took her place in the New York Harbor will fascinate young readers.

Emblem of Liberty Jul 19 2021

Liberty's Torch Jan 25 2022 “Turns out that what you thought you knew about Lady Liberty is dead wrong. Learn the truth in this fascinating account.” —O, The Oprah Magazine The Statue of Liberty is one of the most recognizable monuments in the world, a powerful symbol of freedom and the American dream. For decades, the myth has persisted that the statue was a grand gift from France, but now *Liberty's Torch* reveals how she was in fact the pet project of one quixotic and visionary French sculptor, Frédéric Auguste Bartholdi. Bartholdi not only forged this 151-foot-tall colossus in a workshop in Paris and transported her across the ocean, but battled to raise money for the statue and make her a reality. A young

sculptor inspired by a trip to Egypt where he saw the pyramids and Sphinx, he traveled to America, carrying with him the idea of a colossal statue of a woman. There he enlisted the help of notable people of the age—including Ulysses S. Grant, Joseph Pulitzer, Victor Hugo, Gustave Eiffel, and Thomas Edison—to help his scheme. He also came up with inventive ideas to raise money, including exhibiting the torch at the Philadelphia world's fair and charging people to climb up inside. While the French and American governments dithered, Bartholdi made the statue a reality by his own entrepreneurship, vision, and determination. “By explaining Liberty’s tortured history and resurrecting Bartholdi’s indomitable spirit, Mitchell has done a great service. This is narrative history, well told. It is history that connects us to our past and—hopefully—to our future.” —Los Angeles Times

The Statue of Liberty Jul 07 2020 *Includes pictures *Includes accounts of the construction by newspapers and men who worked on the Statue of Liberty *Includes a bibliography for further reading *Includes a table of contents "[A] masterpiece of the human spirit [that] endures as a highly potent symbol-inspiring contemplation, debate and protest-of ideals such as liberty, peace, human rights, abolition of slavery, democracy and opportunity." - The UNESCO "Statement of Significance" describing the Statue of Liberty Among America's countless monuments and landmarks, none embody the principles of the nation quite like Lady Liberty, the colossal statue that stands on Liberty Island in New York Harbor. A gift from the French that was built and transported in the late 19th century, the Statue of Liberty has been a symbol of the United States' guaranty of individual freedom, and its location took on added meaning as it welcomed millions of immigrants sailing across the Atlantic to nearby Ellis Island. As one incoming Greek immigrant remembered, "I saw the Statue of Liberty. And I said to myself, 'Lady, you're such a beautiful! [sic] You opened your arms and you get all the foreigners here. Give me a chance to prove that I am worth it, to do something, to be someone in America.' And always that statue was on my mind." People around the world are instantly familiar with the statue today, whether from seeing pictures or depictions of it or actually visiting it and going inside, but the story of its construction is just as fascinating. Conceived as a monument that would commemorate the crucial alliance between America and France, the statue was a massive undertaking, from fundraising to the construction of the sculpture and a pedestal. The project took several years and a precarious transport of the statue's pieces across the Atlantic to New York, where it was officially dedicated in 1886 and celebrated with a ticker tape parade. Even before that, the statue was so famous on both sides of the Atlantic that the head and torch had been displayed at various exhibits prior to the completion of the statue. Ironically, given the widespread fame of the Statue of Liberty, its history was turbulent and controversial. While those

who conceived of the statue had a difficult time securing the funding, there were arguments over where the statue should go, and how everything from the pedestal to the statue itself should be built. In hindsight, it seems like a foregone conclusion that one of America's most famous monuments would be completed, but it would actually take almost 15 years for the Statue of Liberty to be designed, constructed, and completed, and the lion's share of the credit would go not to Americans but to dedicated French artists and engineers who pushed on with the work against major obstacles and heavy odds. **The Statue of Liberty: The History and Legacy of America's Most Famous Statue** chronicles the design and construction of Lady Liberty. Along with pictures of important people, places, and events, you will learn about the Statue of Liberty like never before, in no time at all.

Firebrand of Liberty: The Story of Two Black Regiments That Changed the Course of the Civil War Mar 27 2022 **Relates the story of the first Black regiments in the Civil War and their pivotal mission to establish a Union base in Jacksonville, Florida, in an attempt to create a haven for fugitive slaves.**
