Opening Closed-Guard: the Origins of Jiu-Jitsu in Brazil Jun 18 2022 What are the origins of Brazilian Jiu-Jitsu? Is it merely a by-product--a rebel offspring--of Judo? What was the nature and content of the art that Mitsuyo Maeda, a.k.a. "Count Koma", and other Japanese were teaching in the Amazon? Was it Judo? Jiu-Jitsu? His own personal fight-tested style, built on a foundation of Judo and informed by his dozens and dozens of

matches around the world? What was the bridge between the art he learned at the Kodokan and the Brazilian style that claims him as its godfather: a style now practiced by millions worldwide (and growing bigger every day)? Should Maeda even be at the center of this story? And what role did Carlos and Hélio Gracie play in all of this? Did they "invent" BJJ? Would BJJ exist without them? And, if so, what--if anything--did they create? And why does this history matter to the average BJJ practitioner today? Any history possesses its official narrative with its own favorite characters and events. But true history is seldom simple, and more oft than not the real story is far richer than the popular version that is widely repeated and handed down. The history of BJJ and MMA in Brazil doesn't escape this paradigm. The recent renaissance in research in regards to the history of martial arts in Brazil led to the author's curiosity, which in turn led to the documentary *Closed-Guard: The Origins of Jiu-Jitsu in Brazil*, which in turn led to this book. This manuscript started as an account of the author's recollections of the film's production, and quickly grew into much more. Opening *Closed Guard: The Story Behind the Film* contains conclusions, analysis, and historical interpretations, as well as the story behind the documentary itself and the many challenges it faced along the way. It contains interviews, research articles pertaining to the history of Jiu-Jitsu in Brazil, as well as the author's own take on the current state of BJJ and MMA. Finally, it is the story of the author rediscovering his love for Jiu-Jitsu in a completely new and unexpected way. ABOUT THE AUTHOR Born in the US from a Brazilian mother and American father, and having spent his life between these two countries, Robert Drysdale remains the only American competitor to have ever won both the IBJJF and ADCC World Championships, the two most prestigious tournaments in all of Jiu-Jitsu. Furthermore, he has also cultivated a career in MMA, both as a fighter and as a coach. The author also holds a Bachelor's Degree in History, as well as a long-held passion for this discipline. He lives in Las Vegas, Nevada, where he teaches Brazilian Jiu-Jitsu and MMA. He is also the co-founder of the international team Zenith Jiu-Jitsu, and is the father of two girls.

The Game of Ju-Jitsu Oct 22 2022 Originally published in 1906, "The Game of Ju-Jitsu" is an accomplished work by two of the great Judoka of all time. In simple, precise, and declarative descriptions, the key elements of Ju-Jitsu are explained as well as the many improper applications (Faults), that can take place in a common match. Along with over 90 illustrations and photographs many current techniques as well as techniques no longer used in traditional Judo matches are covered. Falling exercises, Standing work, Simple and Advanced Throws, Groundwork, Hold-downs, and a variety of Locking techniques are covered. Both of the authors (Taro(Taruji) Miyake & Yukio Tani) were early proponents of teaching Jujutsu techniques to Western students. Miyake started his training under Fusen-ryu Jujutsu ground-fighting Newaza master Mataemon Tanabe, as well as Osaka master Yataro Handa and is credited for helping establish Judo in the United Kingdom at the start of the 20th century. Miyake toured through spectacles and music halls, defeating many of the best wrestlers of the time and engaging in open all-comers challenge matches. Tani was a pioneering Japanese Jujutsu and Judo instructor and professional challenge wrestler, notable for being one of the very first Jujutsu stylists to teach and compete outside of Japan. On stage Tani was known as the "pocket Hercules" and was famous throughout all levels of London society. In 1904, Tani and Miyake opened the Japanese School of Jujutsu that was located at 305, Oxford Street W, London.

The Way of Judo Nov 23 2022 Kodokan judo, one of the most well-known martial arts in the world today, was originated by Jigoro Kano (1860-1938), a martial artist and career educator who developed the art after studying several types of jujutsu, sumo, and Western wrestling. Openness and refinement were hallmarks of his personal and professional style, and he relentlessly searched for the best way to practice, teach, and perform techniques. This biography shows how Kano saw judo as a vehicle not just for self-defense, but for physical, spiritual, and moral development as well. His teachings clearly emphasize his ideal of judo as a way of self-cultivation that leads to physical health, ethical behavior, and ultimately a better society. Kano was a tireless activist who promoted the practical application of judo's principles in all realms of life—in one's personal behavior, for education, in work, for economic benefit, and in both the local and international political arenas. Kano's students were a colorful, sometimes notorious bunch, and this book reveals how several went on to become famous—or infamous—in their own right. They include a prime minister of Japan, the leader of the Communist party in China, a famous novelist, a spy, high-level military leaders, and a media mogul, among many others.

"Twice the Thrills! Twice the Chills!" Sep 28 2020 In the mid-1950s, to combat declining theater attendance, film distributors began releasing pre-packaged genre double-bills—including many horror and science fiction double features. Though many of these films were low-budget and low-end, others, such as *Invasion of the Body Snatchers*, *Horror of Dracula* and *The Fly*, became bona fide classics. Beginning with Universal-International's 1955 pairing of *Revenge of the Creature* and *Cult of the Cobra*, 147 officially sanctioned horror and sci-fi double-bills were released over a 20-year period. This book presents these double features year-by-year, and includes production details, historical notes, and critical commentary for each film.

Game of Shadows Aug 20 2022 In the summer of 1998 two of baseball leading sluggers, Mark McGwire and Sammy Sosa, embarked on a race to break Babe Ruth's single season home run record. The nation was transfixed as Sosa went on to hit 66 home runs, and McGwire 70. Three years later, San Francisco Giants All-Star Barry Bonds surpassed McGwire by 3 home runs in the midst of what was perhaps the greatest offensive display in baseball history. Over the next three seasons, as Bonds regularly launched mammoth shots into the San Francisco Bay, baseball players across the country were hitting home runs at unprecedented rates. For years there had been rumors that perhaps some of these players owed their success to steroids. But crowd pleasing homers were big business, and sportswriters, fans, and officials alike simply turned a blind eye. Then, in December of 2004, after more than a year of investigation, San Francisco Chronicle reporters Mark Fainaru-Wada and Lance Williams broke the story that in a federal investigation of a nutritional supplement company called BALCO, Yankees slugger Jason Giambi had admitted taking steroids. Barry Bonds was also implicated. Immediately the issue of steroids became front page news. The revelations led to Congressional hearings on baseball's drug problems and continued to drive the effort to purge the U.S. Olympic movement of drug cheats. Now Fainaru-Wada and Williams expose for the first time the secrets of the BALCO investigation that has turned the sports world upside down. *Game of Shadows: Barry Bonds, BALCO, and the Steroid Scandal That Rocked Professional* by award-winning investigative journalists Mark Fainaru-Wada and Lance Williams, is a riveting narrative about the biggest doping scandal in the history of sports, and how baseball's home run king, Barry Bonds of the San Francisco

Giants, came to use steroids. Drawing on more than two years of reporting, including interviews with hundreds of people, and exclusive access to secret grand jury testimony, confidential documents, audio recordings, and more, the authors provide, for the first time, a definitive account of the shocking steroids scandal that made headlines across the country. The book traces the career of Victor Conte, founder of the BALCO laboratory, an egomaniacal former rock musician and self-proclaimed nutritionist, who set out to corrupt sports by providing athletes with "designer" steroids that would be undetectable on "state-of-the-art" doping tests. Conte gave the undetectable drugs to 28 of the world's greatest athletes—Olympians, NFL players and baseball stars, Bonds chief among them. A separate narrative thread details the steroids use of Bonds, an immensely talented, moody player who turned to performance-enhancing drugs after Mark McGwire of the St. Louis Cardinals set a new home run record in 1998. Through his personal trainer, Bonds gained access to BALCO drugs. All of the great athletes who visited BALCO benefited tremendously—Bonds broke McGwire's record—but many had their careers disrupted after federal investigators raided BALCO and indicted Conte. The authors trace the course of the probe, and the baffling decision of federal prosecutors to protect the elite athletes who were involved. Highlights of *Game of Shadows* include: Barry Bonds A look at how Bonds was driven to use performance-enhancing drugs in part by jealousy over Mark McGwire's record-breaking 1998 season. It was shortly thereafter that Bonds—who had never used anything more performance enhancing than a protein shake from the health food store—first began using steroids. How Bonds's weight trainer, steroid dealer Greg Anderson, arranged to meet Victor Conte before the 2001 baseball season with...

The Pyjama Game May 17 2022 It is a sport of balletic beauty and extraordinary violence - where else are you allowed to strangle an opponent unconscious?
