Exile Oct 06 2020 The life of a human community rests on common experience. Yet in modern life there is an experience common to all that threatens the very basis of community—the experience of exile. No one in the modern world has been spared the encounter with homelessness. Refugees and fugitives, the disillusioned and disenfranchised grow in number every day. Why does it happen? What does it mean? And how are we implicated? David Patterson responds to these and related questions by examining exile, a primary motif in Russian thought over the last century and a half. By "exile" he means not only a form of punishment but an existential condition. Drawing on texts by such familiar figures as Dostoevsky, Tolstoy, Solzhenitsyn, and Brodsky, as well as less thoroughly examined figures, including Florensky, Shestov, Tertz, and Gendelev, Patterson moves beyond the political and geographical fact of exile to explore its spiritual, metaphysical, and linguistic aspects. Thus he pursues the connections between exile and identity, identity and meaning, meaning and language. Patterson shows that the problem of meaning in human life is a problem of homelessness, that the effort to return from exile is an effort to return meaning to the word, and that the exile of the word is an exile of the human being. By making heard voices from the Russian wilderness, Patterson makes visible the wilderness of the world.

But when Lucky's grandmother has a nasty fall, Lucky returns to her childhood home and unexpectedly reconnects with her former best friend and first lover, Nisha, who is preparing for her own arranged wedding with a man she's never met. As the connection between the two women is rekindled, Lucky tries to save Nisha from entering a marriage based on a lie. But does Nisha really want to be saved? And after a decade's worth of lying, can Lucky break free of her own circumstances and build a new life? Is she willing to walk away from all that she values about her parents and community to live in a new truth? The result is a profoundly American debut novel shot through with humor and loss, a story of love, family, and the truths that define us all.

The Lies that Bind: Rethinking Identity Nov 30 2022 A Washington Post Notable Book of the Year As seen on the Netflix series *Explained* From the best-selling author of *Cosmopolitanism* comes this revealing exploration of how the collective identities that shape our polarized world are riddled with contradiction. Who do you think you are? That's a question bound up in another: What do you think you are? Gender. Religion. Race. Nationality. Class. Culture. Such affiliations give contours to our sense of self, and shape our polarized world. Yet the collective identities they spawn are riddled with contradictions, and cratered with falsehoods. Kwame Anthony Appiah's *The Lies That Bind* is an incandescent exploration of the nature and history of the identities that define us. It challenges our assumptions about how identities work. We all know there are conflicts between

identities, but Appiah shows how identities are created by conflict. Religion, he demonstrates, gains power because it isn't primarily about belief. Our everyday notions of race are the detritus of discarded nineteenth-century science. Our cherished concept of the sovereign nation—of self-rule—is incoherent and unstable. Class systems can become entrenched by efforts to reform them. Even the very idea of Western culture is a shimmering mirage. From Anton Wilhelm Amo, the eighteenth-century African child who miraculously became an eminent European philosopher before retiring back to Africa, to Italo Svevo, the literary marvel who changed citizenship without leaving home, to Appiah's own father, Joseph, an anticolonial firebrand who was ready to give his life for a nation that did not yet exist, Appiah interweaves keen-edged argument with vibrant narratives to expose the myths behind our collective identities. These "mistaken identities," Appiah explains, can fuel some of our worst atrocities—from chattel slavery to genocide. And yet, he argues that social identities aren't something we can simply do away with. They can usher in moral progress and bring significance to our lives by connecting the small scale of our daily existence with larger movements, causes, and concerns. Elaborating a bold and clarifying new theory of identity, *The Lies That Bind* is a ringing philosophical statement for the anxious, conflict-ridden twenty-first century. This book will transform the way we think about who—and what—"we" are.

The truth that leads to freedom. The truth that moves you from surviving to thriving. The truth that will unlock a life of purpose, adventure, meaning, and destiny.

Pretending Is Lying Nov 06 2020 The first book to appear in English by the acclaimed Belgian artist Dominique Goblet, *Pretending is Lying* is a memoir unlike any other. WINNER OF THE 2018 SCOTT MONCRIEFF PRIZE FOR TRANSLATION FROM FRENCH In a series of dazzling fragments—skipping through time, and from raw, slashing color to delicate black and white—Goblet examines the most important relationships in her life: with her partner, Guy Marc; with her daughter, Nikita; and with her parents. The result is an unnerving comedy of paternal dysfunction, an achingly ambivalent love story (with asides on Thomas Pynchon and the Beach Boys), and a searing account of childhood trauma—a dizzying, unforgettable view of a life in progress and a tour de force of the art of comics. This NYRC edition is a hardcover with extra-thick paper, full color throughout, and features new English hand-lettering by the artist.

Small Town Girl Dec 28 2019 "You live with someone for two years and then . . . they simply don't exist." Over 40 years, two British police units acted undercover to infiltrate activist groups. At least 20 of those officers deliberately targeted women and entered relationships with them. One of those women was me. This is my story. Men wrote the police files. They wrote the scripts and the headlines. Men wrote the court orders to make us anonymous and they will sit in judgement at the coming public inquiry. In a system that doesn't see women, you have to fight to be heard. When they take your identity, you have to find your voice. Learning the truth nearly destroyed me - but an accidental activist was born. A voice at the centre of the Spy Cops scandal. The great love story of Donna McLean's life wasn't just built on lies, it was one. With an inquiry underway, *Small Town Girl* is a reclamation of a truth that was ruthlessly buried. REVIEWS "McLean excels [...] in resolving a mystery bigger even than her fake lover's identity: who she is and how she can survive such a devastating shock. For this and more, this is one not to miss." - Irish Times 'It reads like a movie... absolutely astonishing' - Lorraine Kelly (on Lorraine) "Mind-blowing, gut-wrenching, shocking and beautifully written." - Chris Atkins "Utterly compelling from the first page." - Kerry Hudson "Donna McLean experienced the stuff of nightmares. But this profoundly compelling memoir reclaims the truth with eloquence and guts." - Wendy Erskine "Bold and brave, Donna McLean's courageous and vivid *Small Town Girl* is both a timely exposure of corruption and a searing story of emotional betrayal" - Catherine Taylor "Small Town Girl is a revelation, it is a brilliant and brave quest for truth, I found it deeply moving and brutally frank and honest." - Salena Godden "Donna suffered horrifically but it is a testament to her immense courage that she was able to take these deeply disturbing events and channel them into confronting the state and its diabolical abuses towards women." - Maxine Peake "This is a thoughtful and intimate account of the lived experience of state sanction betrayals. Donna and the other victims of the Spycops disgrace shine through with wit, kindness and resilience. This should be mandatory reading for all in the Met police, indeed everyone." - Siobhan McSweeney "So unbelievably shocking it reads like a work of fiction... McLean is a natural storyteller, her book a fascinating glimpse into that strange world." - Belfast Telegraph

Identity and Violence: The Illusion of Destiny (Issues of Our Time) May 01 2020 "One of the few world intellectuals on whom we may rely to make sense out of our existential confusion."—Nadine Gordimer In this sweeping philosophical work, Amartya Sen proposes that the murderous violence that has riven our society is driven as much by confusion as by inescapable hatred. Challenging the reductionist division of people by race, religion, and class, Sen presents an inspiring vision of a world that can be made to move toward peace as firmly as it has spiraled in recent years toward brutality and war.

Lies We Believe About God Jul 03 2020 From the author of the bestselling novel *The Shack* and the New York Times bestsellers *Cross Roads* and *Eve* comes a compelling, conversational exploration of twenty-eight assumptions about God—assumptions that just might be keeping us from experiencing His unconditional, all-encompassing love. In his wildly popular novels, Wm. Paul Young portrayed the Triune God in ways that challenged our thinking—sometimes upending long-held beliefs, but always centered in the eternal, all-encompassing nature of God's love. Now, in Wm. Paul Young's first nonfiction book, he invites us to revisit our assumptions about God—this time using the Bible, theological discussion, and personal anecdotes. Paul encourages us to think through beliefs we've presumed to be true and consider whether some might actually be false. Expounding on the compassion fans felt from the "Papa" portrayed in *The Shack*—now a major film starring Sam Worthington and Octavia Spencer—Paul encourages you to think anew about important issues including sin, religion, hell, politics, identity, creation, human rights, and helping us discover God's deep and abiding love.

I Know Why the Caged Bird Sings Mar 11 2021 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

Dataclysm Aug 16 2021 A New York Times Bestseller An audacious, irreverent investigation of human behavior—and a first look at a revolution in the making Our personal data has been used to spy on us, hire and fire us, and sell us stuff we don't need. In *Dataclysm*, Christian Rudder uses it to show us who we truly are. For centuries, we've relied on polling or small-scale lab experiments to study human behavior. Today, a new approach is possible. As we live more of our lives online, researchers can finally observe us directly, in vast numbers, and without filters. Data scientists have become the new demographers. In this daring and original book, Rudder explains how Facebook "likes" can predict, with surprising accuracy, a person's sexual orientation and even intelligence; how attractive women receive exponentially more interview requests; and why you must have haters to be hot. He charts the rise and fall of America's most reviled word through Google Search and examines the new dynamics of collaborative rage on Twitter. He shows how people express themselves, both privately and publicly. What is the least Asian thing you can say? Do people bathe more in Vermont or New Jersey? What do black women think about Simon & Garfunkel? (Hint: they don't think about Simon & Garfunkel.) Rudder also traces human migration over time, showing how groups of people move from certain small towns to the same big cities across the globe. And he grapples with the challenge of maintaining privacy in a world where these explorations are possible. Visually arresting and full of wit and insight, *Dataclysm* is a new way of seeing ourselves—a brilliant alchemy, in which math is made human and numbers become the narrative of our time.

Do What You Love May 25 2022 The American claim that we should love and be passionate about our job may sound uplifting, or at least, harmless, but *Do What You Love* exposes the tangible damages such rhetoric has leveled upon contemporary society. Virtue and capital have always been twins in the capitalist, industrialized West. Our ideas of what the "virtues" of pursuing success in capitalism have changed dramatically over time. In the past, we believed that work undertaken with an ethos of industriousness promised financial stability and basic comfort and security for our families. Now, our working life is conflated with the pursuit of pleasure. Fantastically successful—and popular—entrepreneurs such as Steve Jobs and Oprah Winfrey command us. "You've got to love what you do," Jobs tells an audience of college grads about to enter the workforce, while Winfrey exhorts her audience to "live your best life." The promises made to today's workers seem so much larger and nobler than those of previous generations. Why settle for a 30-year fixed rate mortgage and a perfectly functional eight-year-old car when you can get rich becoming your "best" self and have a blast along the way? But workers today are doing more and more for less and less. This reality is frighteningly palpable in eroding paychecks and benefits, the rapid concentration of wealth in the hands of a tiny few, and workers' loss of control over their labor conditions. But where is the protest and anger from workers against a system that tells them to love their work and asks them to do it for less? While winner-take-all capitalism grows ever more ruthless, the rhetoric of passion for labor proliferates. In *Do What You Love*, Tokumitsu articulates and examines the sacrifices people make for a chance at loveable, self-actualizing, and, of course, wealth-generating work and the conditions facilitated by this pursuit. This book continues the conversation sparked by the author's earlier Slate article and provides a devastating look at the state of modern America's labor and workforce.

That Hair Jan 27 2020 *That Hair* is a family album of sorts that touches upon the universal subjects of racism, feminism, colonialism, immigration, identity and memory. "The story of my curly hair," says Mila, the narrator of Djaimilia Pereira de Almeida's autobiographically inspired tragicomedy, "intersects with the story of at least two countries and, by extension, the underlying story of the relations among several continents: a geopolitics." Mila is the Luanda-born daughter of a black Angolan mother and a white Portuguese father. She arrives in Lisbon at the tender age of three, and feels like an outsider from the jump. Through the lens of young Mila's indomitably curly hair, her story interweaves memories of childhood and adolescence, family lore spanning four generations, and present-day reflections on the internal and external tensions of a European and African identity. In layered and luscious prose, *That Hair* enriches and deepens a global conversation, challenging in necessary ways our understanding of racism, feminism, and the double inheritance of colonialism, not yet fifty years removed from Angola's independence. It's the story of coming of age as a black woman in a nation at the edge of Europe that is also rapidly changing, of being considered an outsider in one's own country, and the impossibility of "returning" to a homeland one doesn't in fact know.

Eighteen-year-old Daunis Fontaine has never quite fit in, both in her hometown and on the nearby Ojibwe reservation. She dreams of a fresh start at college, but when family tragedy strikes, Daunis puts her future on hold to look after her fragile mother. The only bright spot is meeting Jamie, the charming new recruit on her brother Levi's hockey team. Yet even as Daunis falls for Jamie, she senses the dashing hockey star is hiding something. Everything comes to light when Daunis witnesses a shocking murder, thrusting her into an FBI investigation of a lethal new drug. Reluctantly, Daunis agrees to go undercover, drawing on her knowledge of chemistry and Ojibwe traditional medicine to track down the source. But the search for truth is more complicated than Daunis imagined, exposing secrets and old scars. At the same time, she grows concerned with an investigation that seems more focused on punishing the offenders than protecting the victims. Now, as the deceptions—and deaths—keep growing, Daunis must learn what it means to be a strong Anishinaabe kwe (Ojibwe woman) and how far she'll go for her community, even if it tears apart the only world she's ever known.
