compassion and truth equips you to live wisely and "redeem time" so it counts for eternity. An authentic gift of prophecy. What is it? Who has it? Can you hear God's voice for yours? He offers not only a balanced overview of the role of prophecy in the Christian community, but also practical information to help readers discern the authenticity of prophecies and learn to exercise the gift themselves. RECOVER AND REFORMAT Epp-Tiessen sheds light on the compositional history, structure, and theology of the book of Jeremiah by demonstrating that a large concentric material focusing on true and false prophecy stands at the center of the book. This unit, titled "Concerning the Prophets" (23) utilizes the heritage of Jeremiah to contrast the nature of true and false prophecy in order to warn the Second Temple community of the disastrous consequences of false prophecy and to highlight the saving potential of true prophecy. False prophecy leads to doom because it ignores the moral failings of the community, promises well-being in the face of catastrophe, and reinforces misleading theological certainties of Judah's pre-587 way of life. In contrast, the true prophet Jeremiah challenges the faithless community to embrace the physical and spiritual dislocation of the Babylonian destruction. Post-disaster life stands under the saving purposes of YHWH, but the only way forward is to learn the painful lessons of catastrophe and heed the prophetic

summons to repent and embrace a Torah-based way of life.

'Prophecy and Hermeneutic in Early Christianity' was written with the conviction that the New Testament presents to us not merely the opinions of Christian writers, but also the message of God mediated through faithful prophets. These prophets initiated and interpreted the first proclamation of the Christian faith - a proclamation that continues to enlighten and to guide the church, for it provides a key to the church's history and theology. The prophets in this study are the pneumatics, those early Christians who are characterized by spiritual gifts of inspiration, speech and discernment, who are coworkers of Paul engaged in preaching and teaching. While some were perverting their gifts and thereby causing strife in the church, Paul's companions played an active role in its missionary enterprise. Dr. Ellis examines the dispute between the two parties which threatened to destroy the unity and faith of the church. The pneumatics were involved in the formulation of a Christian theology of the Old Testament through their exposition and application of Scripture. Dr. Ellis describes and elaborates upon the interpretative principles which they used. He concludes with a critique of the older form criticism of the gospels and suggests some new directions for understanding the history of the transmission of the teaching of Jesus. A star in the exploration of the history of the most controversial book of the Bible, by the bestselling author of *Beyond Belief*. Through the bestselling books of Elaine Pagels, thousands of readers have come to know and treasure the suppressed biblical texts known as the Gnostic Gospels. As one of the world's foremost religious scholars, she has been a pioneer in interpreting these books, illuminating their place in the early history of Christianity. H

new book, however, tackles a text that is firmly, dramatically within the New Testament canon: The Book of Revelation, that surreal apocalyptic vision of the end of the world . . . or is this startling and timely book, Pagels returns The Book of Revelation to its historical origin, written as its author John of Patmos took aim at the Roman Empire after what is now known as "the Jewish War," in 66 CE. Militant Jews in Jerusalem, fighting with religious fervor, waged an all-out war against Rome's occupation of Judea and their defeat resulted in the desecration of Jerusalem and its Great Temple. Pagels persuasively interprets Revelation as a scathing attack on the decadence of Rome. After, however, a new sect known as "Christians" seized on the text as a weapon against heresy and infidels of all kinds—Jews, even Christians who dissented from their increasingly rigid doctrines and hierarchies. In a time when global religious violence surges, Revelations explores how often those in power throughout history have sought to force "God's enemies" to submit or be killed. It is sure to appeal to Pagels's committed readers and bring her a whole new audience who want to understand the roots of dissent, violence, and division in the world's religions, and to appreciate the lasting appeal of this extraordinary text. According to the Gospels, when Pontius Pilate was to pardon one Jewish prisoner in honor of the Passover, he offered the people a choice between Barabbas the Zealot and a rabbi known as Jesus the Nazarene. Though this was an actual historical event, their choice was symbolic as well. Under the yoke of Roman oppression, Barabbas responded with violence; in contrast, Jesus was willing to forgive. The Zealot vowed to free the nation; the rabbi showed how to free the soul. Whom did

people choose? They made the same choice that we continue to make even today: Barabbas.... The Logic in Ancient Prophecy reasons why Jesus should have been chosen instead. The work interprets "Revelation," a collection of visions recorded by a writer named John. The crux of John's visions have been played out during nineteenth century America; for example, the "famous prostitute" is depicted as the 1886 unveiling of the Statue of Liberty; and the two "beasts," the historical relationship between the United States and France. The work reveals the logical relationship that these visions have with actual places and events, and also, how those events affect the way we perceive freedom in our lives today. The Logic in Ancient Prophecy reasons that in these uncertain times freedom is threatened as never before. Yet no form of government could ever preserve or take away the spiritual way of the rabbi Jesus - forgiveness, not vengeance. Freedom is ours, and always will be. In this day and age, there are many theories when it comes to the return of the Lord. Author John Stoudermire shares personal prophecies that have been revealed to him. Not only does he present thoughtful research for his theory, but he provides scripture references that help confirm his findings. Are you prepared for your future? Be entirely sure. Tribulation Prophecy. "Dr. Paula A. Price provides diagnostic tools, as well as language and knowledge, to discern, measure, and encourage the gifts of novice prophets. She also sets standards and measurable objectives, goals, and outcomes for the formation of a prophetic ministry and includes an introduction for the seasoned prophet looking to mentor others in the ministry." wondered about the meaning of this unusual event? God has the answer. He downloaded this over 300,000 words between March 2020 and July 2020, and I've split it into 4 books. The sheer size of the message and my ability to write it down within such a short time is itself a miracle. The download started on pi day, 3/14/2020. The message is itself based on the pi verse, John 3:14: "And as Moses lifted up the serpent in the wilderness, even so must the Son of Man be lifted up," John 3:14 NKJV. This COVID-19 quarantine is to humble us so we look up at the ultimate High Priest Pi (e): Jesus Christ. The prophecy of COVID-19 is our final warning to seek salvation through Jesus before He comes back again as King of kings; AND it's another pi verse! "Behold, I am coming quickly! Blessed is he who keeps the words of the prophecy of this book." Revelation 22:7 NKJV. COVID-19 is just the initial birth pains of the Second Coming. COVID-19 came as a forewarning because the world is caught up in a Satanic system that's now ripe for the arrival of the antiChrist. This global system rules over our lives from religion, politics, economic culture and art. Read this book to see how COVID-19 came to eclipse and expose this system, and to learn how to escape the snare of the antiChrist system. Read to learn hidden knowledge exposed here FOR THE FIRST TIME by use of secret codes hidden in the divine meaning of Biblical numbers and names. This book will turn your understanding of the world as you know it upside-down, and you will realize that we have been living a lie. COVID-19 is for the revealing of Second Elijah. It is he who writes these words. He's come to fulfil Malachi 4:5-6: "Behold, I will send you Elijah the prophet Before the coming of the great and dreadful day of the Lord. And he will turn The hearts of

fathers to the children, And the hearts of the children to the fathers, Lest I come and strike the earth with a curse." This is for the salvation of souls, and the world. It is God's first swipe in His harvest of souls before "the dreadful day of the LORD." Read it and pass on to your family and friends. In the book, Rex D. Butler examines the Passion for evidence of Montanism and proposes that its three authors--Perpetua, Saturus, and the unnamed editor--were Montanists. Fake Prophecy and Polluted Sacraments is an insightful case-study of the opposition to Montanism, an early-Christian prophetic movement, by Church and State both before and after 'catholic' Christianity became the official religion of the Roman Empire. In this fresh and expansive work, Ellen Davis offers a comprehensive interpretation of the prophetic role and work in the Christian scriptures. Davis carefully outlines five essential features of the prophetic role and then systematically examines seven representations of prophets and prophecies. Thoroughly theological, Davis's volume provides both instruction and inspiration for understanding prophecy in Christian tradition and discipleship. This volume concludes with a rich discussion on practical matters, including the relationship between Christian discipleship and prophetic interpretation and the role of biblical prophecy in interfaith contexts. Rosenberg, *New York Times* best-selling author, *The Last Jihad and Epicenter: Why Current Rumblings in the Middle East Will Change Your World*

From the prediction of Adam's death in Genesis 2 to the prophecy of mankind's perpetual worship of God in heaven and earth (Psalm 72:5), the ENCYCLOPEDIA OF BIBLICAL PROPHECY discusses every verse of prophetic material in Scripture. It identifies every probable point of fulfillment whether in the past, present, or still in the future. The first pages of the ENCYCLOPEDIA OF BIBLICAL PROPHECY set forth a systematic approach to the subject of Biblical prophecy and the legitimate place for prediction in it. The ENCYCLOPEDIA is arranged according to the 66 books of the Bible. In each book, all the verses on one prophetic theme are treated in one combined discussion. For example: The 12 verses of Genesis that foretell God's granting of the land of Canaan to the descendants of Abraham are discussed together. It is shown how the promise was fulfilled in the days of Joshua. The ENCYCLOPEDIA'S concluding summaries lists all the 737 major subjects that appear in Biblical prediction, with the books and paragraphs in which each is found. This way, each prophecy can be traced from its first appearance in the Bible to its fulfillment. Among the many features is a complete list of all the Scriptural prophecies pertaining to Christ. It has often been noted that the Protestant Reformation of the early sixteenth century witnessed a revived interest in the scriptural notions of prophets and prophecy. Drawing from both late medieval apocalyptic expectations of the imminent end of the world and from a humanist revival of biblical studies, the prophet appeared to many as a suitable role model for the Protestant preacher. A prominent proponent of this prophetic model was the Swiss theologian and church leader Heinrich Bullinger (1504–1575). This study by Daniël Timmerman presents the first in-depth investigation of Bullinger's concept of prophecy and his understanding of the prophetic office. It also engages with the history of the Zurich institute for the study of the Scriptures, which has become widely known as the »Prophezei«. Channel Prophecy is a cross-cultural study. It argues that prophetic intermediation is a widespread phenomenon in ancient and modern cultures, and proposes a way of identifying and

describing the underlying similarity among intermediaries. It discusses the nature of prophetic authority and the function of "miracles" performed by prophets. It suggests that divination be viewed as one type of prophetic intermediation and that prophecy must be presumed to occur down to the present. It reflects on how one might evaluate the prophetic claims about a variety of persons in contemporary America. -- Book Jacket. Including revisions, corrections, and an updated bibliography, this is a lucid discussion of prophecy in the Hebrew Bible. This revised and enlarged edition of Joseph Blenkinsopp's 1983 book will be a welcome addition to the libraries of serious Biblical scholars. The author critically recounts the history of Israelite prophecy from a social-historical perspective. "African women are the only women in the world whose ancient mothers were not born under the yoke of patriarchy. During ancient times for the first 6,000 years, Africa was ruled by a powerful order of matriarchs. Considering the current status of African women around the world today, one can hardly be convinced that the matriarchal presence and the enormous influence she wielded in the ancient world, had far exceeded the limited physical, cultural, geographical and political designations of which Africa and African religions are confined today. During her reign, African religions had reached very high levels of theological and ritual development. And were the original spiritual home of the world's first great oracles, prophetesses and prophets. Under the rise of African patriarchy, the sacerdotal order of Sibyls were sent as slaves to build and work the powerful oracles they established in Ancient Greece, Rome, Turkey and Babylon. What is now currently the 'holy seat of the Vatican' in Italy, was originally

sacerdotal seat of these ancient black Sibyl Queen Mothers. Centuries before for Christ, they were known to heal the sick, restore dignity and strength to the weak, and restore sight to the blind. They were famous for curing lameness, epileptics, deaf, dumb and lepers. They were said to 'cast out demons' and 'raise-up the dead' Their prophecies are the oldest and most authentic in the world. They were the basis for Greek and Roman tragedies and plays. More astonishing, their prophetic books were later collected by the Roman authorities, who needed a 'western theological' foundation in order to compete with the powerful levitical Jews. These Sibyl prophecies soon became the sole and undisputed precursor to the western, Christian Bible. The first established, sacerdotal, African matriarchs, the Sibyls, their cultural and religious impact was arguably the most profound of any ancient civilization than modern history has ever revealed or is willing to admit. From Mesopotamia, to Libya, Mizarim (Kemet/Egypt), Phoenicia, Ionia, Minoa, Peloponnese (Turkey) and Mycenae (Greece) and later Rome, the Sibyls were the primary, divine Vatican and absolute moral authority. The absence of African women's contribution in world history as major economic, political and spiritual players, as oppose to 'exceptions to the norm,' or mere appendages of 'great men', has been problematic and disturbing at best. For the first time ever, her real history is being unearthed, revealed and told. In its telling, many shocking revelations that remained hidden for more than 2000 years will finally be know." -- Back cover
