**The Plot to Destroy Democracy** Jul 19 2022 A provocative, comprehensive analysis of Vladimir Putin and Russia's master plan to destroy democracy in the age of Donald Trump. In the greatest intelligence operation in the history of the world, Donald Trump was made President of the United States with the assistance of a foreign power. For the first time, *The Plot to Destroy Democracy* reveals the dramatic story of how blackmail, espionage, assassination, and psychological warfare were used by Vladimir Putin and his spy agencies to steal the 2016 U.S. election -- and attempted to bring about the fall of NATO, the European Union, and western democracy. It will show how Russia and its fifth column allies tried to flip the cornerstones of democracy in order to re-engineer the world political order that has kept most of the world free since 1945. Career U.S. Intelligence officer Malcolm Nance will examine how Russia has used cyber warfare, political propaganda, and manipulation of our perception of reality -- and will do so again -- to weaponize American news, traditional media, social media, and the workings of the internet to attack and break apart democratic institutions from within, and what we can expect to come should we fail to stop their next attack. Nance has utilized top secret Russian-sourced political and hybrid warfare strategy documents to demonstrate the master plan to undermine American institutions that has been in effect from the Cold War to the present day. Based on original research and countless interviews with espionage experts, Nance examines how Putin's recent hacking accomplished a crucial first step for destabilizing the West for Russia, and why Putin is just the man to do it. Nance exposes how Russia has supported the campaigns of right-wing extremists throughout both the U.S. and Europe to leverage an axis of autocracy, and how Putin's agencies have worked since 2010 to bring fringe candidate Donald Trump into elections. Revelatory, insightful, and shocking, *The Plot To Destroy Democracy* puts a professional spy lens on Putin's plot and unravels it play-by-play. In the end, he provides a better understanding of why Putin's efforts are a serious threat to our national security and global alliances -- in much more than one election -- and a blistering indictment of Putin's puppet, President Donald J. Trump.

The Plot Thickens: 21 Ways to Plot Your Novel Mar 23 2020

*The Plot to Change America* Mar 15 2022 *The Plot to Change America* exposes the myths that help identity politics perpetuate itself. This book reveals what has really happened, explains why it is urgent to change course, and offers a strategy to do so. Though we should not fool ourselves into thinking that it will be easy to eliminate identity politics, we should not overthink it, either. Identity politics relies on the creation of groups and then on giving people incentives to adhere to them. If we eliminate group making and the enticements, we can get rid of identity politics. The first myth that this book exposes is that identity politics is a grassroots movement, when from the beginning it has been, and continues to be, an elite project. For too long, we have lived with the fairy tale that America has organically grown into a nation gripped by victimhood and identitarian division; that it is all the result of legitimate demands by minorities for recognition or restitutions for past wrongs. The second myth is that identity politics is a response to the demographic change this country has undergone since immigration laws were radically changed in 1965. Another myth we are told is that to fight these changes is as depraved as it is futile, since by 2040, America will be a minority-majority country, anyway. This book helps to explain that none of these things are necessarily true.

Roosevelt loses the 1940 presidential election to heroic aviator and rabid isolationist Charles A. Lindbergh. Shortly thereafter, Lindbergh negotiates a cordial “understanding” with Adolf Hitler, while the new government embarks on a program of folksy anti-Semitism. For one boy growing up in Newark, Lindbergh’s election is the first in a series of ruptures that threaten to destroy his small, safe corner of America—and with it, his mother, his father, and his older brother. The Assassin's Accomplice Feb 14 2022 In *The Assassin's Accomplice*, historian Kate Clifford Larson tells the gripping story of Mary Surratt, a little-known participant in the plot to kill Abraham Lincoln, and the first woman ever to be executed by the federal government of the United States. Surratt, a Confederate sympathizer, ran the boarding house in Washington where the conspirators-including her rebel son, John Surratt-met to plan the assassination. When a military tribunal convicted her for her crimes and sentenced her to death, five of the nine commissioners petitioned President Andrew Johnson to show mercy on Surratt because of her sex and age. Unmoved, Johnson refused-Surratt, he said, "kept the nest that hatched the egg." Set against the backdrop of the Civil War, *The Assassin's Accomplice* tells the intricate story of the Lincoln conspiracy through the eyes of its only female participant. Based on long-lost interviews, confessions, and court testimony, the text explores how Mary's actions defied nineteenth-century norms of femininity, piety, and motherhood, leaving her vulnerable to deadly punishment historically reserved for men. A riveting narrative account of sex, espionage, and murder cloaked in the enchantments of Southern womanhood, *The Assassin's Accomplice* offers a fresh perspective on America's most famous murder.

**Fenian Fire** May 25 2020 A historical investigation into one of the most serpentine attempts on Queen Victoria's life that reveals for the first time the true instigator at the heart of government. There were eight attempts to assassinate Queen Victoria during her long reign; four of them were of Irish origin. The most serious of all was the 'Jubilee Plot', a conspiracy apparently hatched in New York by the Fenian Brotherhood to blow up the Queen, her family and most of the British Cabinet with dynamite at the great service of thanksgiving to commemorate the 50th anniversary of her accession, held at Westminster Abbey in June 1887. The plot was 'uncovered' by Scotland Yard with just a few days to go. Several of the bombers were caught, tried and sentenced to penal servitude for life. But - warned off in time - the master bomber escaped to America... Now, using recently declassified Foreign Office Secret files (marked 'Fenian Brotherhood'), the author discloses for the first time the huge secret at the heart of the British counter-intelligence operation against militant Irish nationalists: the entire conspiracy was masterminded for its own reasons by a clandestine British agency reporting directly to the Prime Minister, Lord Salisbury.

**The Plot to Save the Planet** Oct 10 2021 American entrepreneurs, corporate tycoons, and financiers are plotting what they do best—creating new industries that change the world and making billions in the process—a plot that will ultimately save the planet. *The Plot to Save the Planet* is an illuminating and inspiring look at the “conspiracy” to make green technology the Silicon Valley of the twenty-first century—the creator of massive numbers of jobs and huge amounts of wealth. Suddenly, the ugly mudslinging between environmentalists and big business has abated, and these two previously opposed forces are now strange bedfellows in a race to head off climate change. How is this new frontier being shaped? Brian Dumaine is your guide in this intriguing look into the very near future filled with colorful and informative stories about the entrepreneurs, investors, and corporate mavericks who are managing to pull off the feat of combining economic growth and environmental protection to battle global warming. You’ll read about: • The savvy investors: Why Warren Buffett is investing heavily in wind power; and why John Doerr, the venture capitalist and early backer of Google, is saying that “green tech is bigger than the Internet and could be the biggest economic opportunity of the twenty-first century.” • The cars of the future: The competitively priced plug-in hybrids that will get 60 miles to the gallon, and the battle being waged by fifteen start-ups competing to capture the electric car market. • The fuels without fossils: New sources of energy from plants such as prairie grass and algae that could capture a big

chunk of the \$300 billion U.S. wholesale gasoline market. • The corporate mavericks: Companies such as Duke Energy and GE who are creating the low-carbon business models of the future, as well as cleaner ways to provide our power needs. • The energy-miser homes and buildings: The new Bank of America Tower in New York City and the green low- and middle-income homes being constructed by visionaries who were told it couldn't be done and still be affordable. • The "thin film" solar energy: How it is making the cost of heating a home comparable to traditional methods without emitting greenhouse gas. Plenty of obstacles still exist—among them resistance from the rich and powerful owners of the world's oil supply, developing nations such as China with their reliance on coal, and an American public reluctant to give up their McMansions, SUVs, and extreme air-conditioning. But the battle cry has been sounded. The green overhaul of the utility, energy, construction, shipping, and automobile industries is well on its way and—contrary to prevailing fears—the ultimate solutions will sustain the environment without demanding huge sacrifices to our contemporary comforts and lifestyles.

*The Plot to Betray America* Jun 18 2022 \*\*\*NEW YORK TIMES BESTSELLER\*\*\* An Explosive, Revelatory Assessment of the Greatest Betrayal in American History, Newly Revised and Updated William Barr · Paul Manafort · Michael Cohen · Steve Bannon · Rudy Giuliani · Mitch McConnell · Roger Stone · George Papadopoulos · Jeff Sessions · And More! "Impressive... a persuasive whodunit narrative." -Washington Post In *The Plot to Betray America*, New York Times bestselling author and renowned intelligence expert Malcolm Nance reveals exactly how President Trump and his inner circle conspired, coordinated, communicated, and eventually strategized to commit the greatest acts of treachery in the history of the United States: compromising the presidential oath of office in exchange for power and personal enrichment. Seduced by the promises of riches dangled in front of them by Vladimir Putin, the Trump administration eagerly decided to reap the rewards of the plan to put a Kremlin-friendly crony in the Oval Office. Even after his impeachment, Trump continues to defend Putin and jeopardize American intelligence. And instead of interfering, Trump's powerful Republican allies have done everything they can to facilitate Trump's irreparable damage to national security. Through in-depth research and interviews with intelligence experts and insiders, Nance charts Trump's deep financial ties to Russia through his family's investments—including those of Donald Trump Jr., Ivanka Trump, and Jared Kushner—and exposes the corrupt behavior of Trump's other double-crossing pro-Moscow associates. In doing so, Nance also draws a portrait of a venal and selfish president, one who willingly sells American national security to dictators, strongmen, and the ultra-rich at the expense, and sometimes the lives, of American citizens. In this newly revised and updated edition, *The Plot to Betray America* ultimately sketches the blueprint of the Trump administration's conspiracy against our country—and shows us how we can still fight to defend democracy, protect our national security, and save the Constitution.

*The Plot to Seize the White House* Jul 07 2021 Many people might not know that in 1933, a group of wealthy industrialists—working closely with groups like the K.K.K. and the American Liberty League—planned to overthrow the U.S. government and run FDR out of office in a fascist coup. Readers will learn of their plan to turn unhappy war veterans into American “brown shirts,” depose F.D.R., and stop the New Deal. They asked Medal of Honor recipient and Marine Major General Smedley Darlington Butler to work with them and become the “first American Caesar.” Fortunately, Butler was a true patriot. Instead of working for the fascist coup, he revealed the plot to journalists and to Congress. Archer writes a compelling account of a ploy that would have turned FDR into fascist puppet, threatened American democracy and changed the course of history. This book not only reveals the truth behind this shocking episode in history, but also tells the story of the man whose courage and bravery prevented it from happening. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

**The Plot to Save Socrates** Aug 20 2022 (Publishers Description) Paul Levinson's astonishing new Sf novel is a surprise and a delight: In the year 2042, Sierra, a young graduate student in Classics is shown a new dialog of Socrates, recently discovered, in which a time traveler tries to argue that Socrates might escape death by travel to the future! Thomas, the elderly scholar who has shown her the document, disappears, and Sierra immediately begins to track down the provenance of the manuscript, with the help of her classical scholar boyfriend, Max. The trail leads her to a time machine in a gentlemen's club in London and in New York, and into the past--and to a time traveler from her future, posing as Heron of Alexandria in 150 AD. Complications, mysteries, travels, and time loops proliferate as Sierra tries to discern who is planning to save the greatest philosopher in human history, or to do so herself. And she finds that time travel raises more questions than it answers. Fascinating historical characters from Alcibiades (of the honeyed thighs) and William Henry Appleton, the great 19th century American publisher, to Socrates himself appear with surprises in every chapter, Paul Levinson has outdone himself in *The Plot to Save Socrates*.

*The Plot to Overthrow Venezuela* Dec 12 2021 An in-depth look at the US threat to "save" Venezuela Since 1999 when Hugo Chavez became the elected president of Venezuela, the US has been conniving to overthrow his government and to roll back the Bolivarian Revolution which he ushered in to Venezuela. With the untimely death of Hugo Chavez in 2013, and the election of Nicolas Maduro that followed, the US redoubled its efforts to overturn this revolution. The US is now threatening to intervene militarily to bring about the regime change it has wanted for twenty years. While we have been told that the US's efforts to overthrow Chavez and Maduro are motivated by altruistic goals of advancing the interests of democracy and human rights in Venezuela, is this true? *The Plot to Overthrow Venezuela* answers this question with a resounding “no,” demonstrating that: The US's interests in Venezuela have always centered upon one and only one thing: Venezuela's vast oil reserves; The US has happily supported one repressive regime after another in Venezuela to protect its oil interests; Chavez and Maduro are not the “tyrants” we have been led to believe they are, but in fact have done much to advance the interests of democracy and economic equality in Venezuela; What the US and the Venezuelan opposition resent most is the fact that Chavez and Maduro have governed in the interest of Venezuela's vast numbers of poor and oppressed racial groups; While the US claims that it is has the humanitarian interests of the Venezuelan people at heart, the fact is that the US has been waging a one-sided economic war against Venezuela which has greatly undermined the health and living conditions of Venezuelans; The opposition forces the US is attempting to put into power represent Venezuela's oligarchy who want to place Venezuela's oil revenues back in the hands of Venezuela's economic elite as well as US oil companies. The battle for Venezuela which is now being waged will determine the fate of all of Latin America for many years to come. *The Plot to Overthrow Venezuela* lets readers know what is at stake in this struggle and urges readers to reconsider which side they are on.
