As a 'biography' of the fourteenth-century illustrated Bible of Clement VII, an opposition pope in Avignon from 1378-94, this social history traces the Bible's production in Naples (c. 1330) through its changing ownership and meaning in Avignon (c. 1340-1405) to its presentation as a gift to Alfonso, King of Aragon (c. 1424). The author's novel approach, based on solid art historical and anthropological methodologies, allows her to assess the object's evolving significance and the use of such a Bible to enhance the power and prestige of its princely and papal owners. Through archival sources, the author pinpoints the physical location and privileged treatment of the Clement Bible over a century. The author considers how the Bible's contexts in the collection of a bishop, several popes, and a king demonstrate the value of the Bible as an exchange commodity. The Bible was undoubtedly valued for the aesthetic quality of its 200+ luxurious images. Additionally, the author argues that its iconography, especially Jerusalem and visionary scenes, augments its worth as a reflection of contemporary political and religious issues. Its images offered biblical precedents, its style represented associations with certain artists and regions in Italy, and its past provided links to important collections. Fleck's examination of the art production around the Bible in Naples and Avignon further illuminates the manuscript's role as a reflection of the court cultures in those cities. Adding to recent art historical scholarship focusing on the taste and signature styles in late medieval and Renaissance courts, this study provides new information about workshop practices and techniques. In these two court cities, the author analyzes styles associated with different artists, different patrons, and even with different rooms of the rulers' palaces, offering new findings relevant to current scholarship, not only in art history but also in court and collection studies. Liberating Biblical Study is a unique collaboration of pioneering biblical scholars, social-change activists, and movement-based artists. Well known and unknown, veterans and newcomers, these diverse practitioners of justice engage in a lively and critical conversation at the intersection of seminary, sanctuary, and street. The book is divided into eight sections; in each, a scholar, activist, and artist explore the justice issues related to a biblical text or idea, such as exodus, creation, jubilee, and sanctuary. Beyond the emerging themes (e.g., empire, resistance movements, identity, race, gender, and economics), the book raises essential questions at another level: What is the role of art in social-change movements? How can scholars be accountable beyond the academy, and activists encouraged to study? How are resistance movements nurtured and sustained? This volume is an accessible invitation to action that will appeal to all who love and strive for justice--whatever their discipline, and whatever their familiarity with the Bible, scholarship, art, and activist communities. Excerpt from Catalogue of Books Contained in the Library of the American Bible Society: Embracing Editions of the Holy Scriptures in Various Languages, and Other Biblical and Miscellaneous Works Title page gone, and all the rest of the volume after the first leaf Of the Book of Acts. It is not mentioned by Cotton or Pettigrew. An Almanac, with lessons for morning and evening prayer, precedes Matthew. About the Publisher

The Bible has inspired scholarly and artistic achievements all over the world since Late Antiquity. The largest and most diverse collection of Bibles, in both their calligraphic and illuminative expression, is archived at the Vatican Library. The scholars who contributed to this volume were given unprecedented access to the Vatican Library archive and, while focusing on the written and illustrative themes of the Bible, have created the most comprehensive chronology to date. This volume is a journey led by major international scholars through the Bible's development from Late Antiquity to the Renaissance era, allowing all readers of the Bible to marvel at the wisdom of the writings and beauty of the illustrations, many available here for the first time. 24 scholars – Jewish, Protestant, Roman Catholic – from North America, Israel, and various European countries, contribute to this rich volume on medieval interpretation and exegesis of the Hebrew Bible/Old Testament (5th through 12th centuries). Geographically, they cover most of the world as it was known in these times: from Syria to Spain, from Rome to the Rhine and the Seine. The volume also contains supplements to the previous volume, on Ben Sira and the Wisdom of Solomon. The indexes (names, topics, references to biblical sources and a broad body of literature beyond) are the key to the wealth of information provided. Undoubtedly, this volume will meet the high expectations set by the reviewers of the first volume (I/1) of the series: “Definitive reference work” (Religious Studies Review) “Mine d’information d’une grande richesse” (Revue d’histoire et de philosophie religieuses) “Monumental ouvrage” (Revue d’histoire ecclésiastique) “A veritable treasury” (Catholic Biblical Quarterly) “The foremost account of Jewish and Christian biblical interpretation” (Expository Times) “Onmisbaar handboek voor jeder een die zich serieus met bijbelstudie bezighoudt” (Stem van het boek) “Respekt gebietende Summe wissenschaftsgeschichtlicher Forschung” (Zeitschrift für Altes Testament)

This volume examines the development and use of the Bible from late Antiquity to the Reformation, tracing both its geographical and its intellectual journeys from its homelands throughout the Middle East and Mediterranean and into northern Europe. Richard Marsden and Ann Matter's volume provides a balanced treatment of eastern and western biblical traditions, highlighting processes of transmission and modes of exegesis among Roman and Orthodox Christians, Jews and Muslims and illuminating the role of the Bible in medieval inter-religious dialogue. Translations into Ethiopic, Slavic, Armenian and Georgian vernaculars, as well as Romance and Germanic, are treated in detail, along with the theme of allegorized spirituality and established forms of glossing. The chapters take the study of Bible history beyond the cloisters of medieval monasteries and ecclesiastical schools to consider the influence of biblical texts on vernacular poetry, prose, drama, law and the visual arts of East and West. Funny Stuff in the Bible is a field trip through the Bible library hunting for funny stuff. The many stories and other literature in this library were written over a period of a thousand years. This is well known. Thinking of the Bible as a library provides perspective. Though there are more copies of this library, its writings bound into a single volume, than of any other book in the world, the literature in it is underrated and underenjoyed. It is underenjoyed because of the smog created by the notion that every word is religiously serious and not for enjoyment, let alone laughter. This overlay of morality and religious seriousness makes it difficult to read a particular story as we do other stories in the world. Funny Stuff shakes off these notions to enjoy some stories. The Bible is a large library. We can only explore a little of it as we look both for stuff that makes us laugh and also things that are strange. We investigate what we come across--stumble on, so to speak. The quest is undertaken in good humor and with light hearts. Hellenistic scholarship is advanced when ancient evidence reveals that despite Jewish opposition, the earliest written translation of the Bible was made in Alexandria in 281 BCE, and that Ptolemy Lagus built the famous library, placing Demetrius of Phalerum in charge. For anyone interested in Bible history, a visit to the British Museum will be a truly unforgettable experience. You will find historical evidence which both supports Bible record and confirms the existence of many Bible characters. You will become familiar with many of the peoples and the customs that influenced the Israelites in Bible times. This guide will help you to find these items. Divided into dedicated categories about the subjects most meaningful to librarians, this valuable resource reviews 500 texts across all major fields. Drawing on their collective experience in reference services and sifting through nearly 30,000 reviews in ARBAonline, editors Steven Sowards, associate director for collection at Michigan State University Libraries, and Juneal Chenoweth, editor of American Reference Books Annual, curated this collection of titles, most of which have been published since 2000, to serve collections and reference librarians in academic and public libraries.
