Solar Polarization 5 Dec 09 2020 "The 5th Solar Polarization Workshop (SPW5) continues the series of workshops on 'solar polarization' and related topics"--p. xv.

Olympic Cities Jun 26 2022 This volume provides an overview of the changing relationship between cities and the Olympic Games, starting from the year 1896. Blending critical conceptual insight with grounded case studies, this book, divided into three parts, explores the historical experience of staging the Olympics from the point of view of the host city.

Enciclopedia Internacional de Pseud-?nimos Feb 20 2022 This Encyclopedia is the first to compile pseudonyms from all over the world, from all ages and occupations in a single work: some 500,000 pseudonyms of roughly 270,000 people are deciphered here. Besides pseudonyms in the narrower sense, initials, nick names, order names, birth and married names etc. are included. The volumes 1 to 9 list persons by their real names in alphabetical order. To make the unequivocal identification of a person easier, year and place of birth and death are provided where available, as are profession, nationality, the pseudonym under which the person was known, and finally, the sources used. The names of professions given in the source material have been translated into English especially for this encyclopaedia. In the second part, covering the volumes 10 to 16, the pseudonyms are listed alphabetically and the real names provided. Approx. 500,000 pseudonyms of about 270,000 persons First encyclopedia including pseudonyms from all over the world, all times and all occupations Essential research tool for anyone wishing to identify persons and names for his research within one single work

Build Your Own Sports Car for as Little as £250 - and Race It! Jun 14 2021 Build a roadworthy two-seater open sports car for a fraction of the cost of a kit car! Using standard tools, basic skills and low-cost materials, this volume shows you how to make the chassis, suspension and bodywork, and advises you on how to modify and use inexpensive but serviceable mechanical components. Contains sections on improving handling, information on how to get through the Single Vehicle Approval test, and builders' own stories.

Narcolepsy Jan 28 2020 The field of narcolepsy has developed enormously within the last 10 years. Indeed the understanding of the basics of sleep-wake regulation and the discovery of new neurotransmitter systems (the hypocretins) has boosted research and key findings in the field, providing important insights into how sleep is regulated. Consequently narcolepsy now receives a great deal of attention from both clinicians and scientists throughout the world. Narcolepsy: Pathophysiology, Diagnosis, and Treatment not only offers an engaging and comprehensive treatment of a fascinating disorder but also includes a DVD that offers a unique and large collection of movies displaying the symptoms of narcolepsy in people and animals. Written by some of the best experts in the field, the book focuses on the pathophysiology of the problem and also provides critical, up-to-date insights on the key clinical issues: how to diagnose the disorder, how to treat it, and how to best manage psychosocial problems. The first and only guide to span the latest advances in narcolepsy, this reference provides sections in etiology, neurochemistry, the role of the hypocretins in sleep-wake regulation, animal models in narcolepsy, the key role of the hypothalamus, REM-sleep dysregulation, diagnosis and classification, and treatment. Compiled by an international group of more than 30 authors, Narcolepsy: Pathophysiology, Diagnosis, and Treatment is an indispensable resource for all clinicians and scientists with an interest in narcolepsy.

The Legal Files Jan 22 2022 Among the many contributors to Sports Car Market over the years, few have amassed the devoted and loyal following that John Draneas has with his monthly column, Legal Files. Thanks to a sharp mind that can reduce the most complex legal issues to their most salient points, Draneas never fails to educate and entertain with his thoughtful prose. With his unique insights and perspectives on the hobby, The Best of Legal Files is an indispensable resource for collectors and enthusiasts to learn from the mistakes made by others.

A History of Myanmar since Ancient Times Dec 21 2021 In A History of Myanmar since Ancient Times, Michael Aung-Thwin and Maitrii Aung-Thwin take us from the sacred stupas of the plains of Pagan to grand, colonial-era British mansions, revealing the storied past and rich culture of this country. The book traces the traditions and transformations of Myanmar's communities over nearly three millennia, from the relics of its Neolithic civilization to the splendors of its pre-colonial kingdoms, its encounters with British colonialism and the struggles for the republic that followed the end of World War II. The authors also consider the complexities of present-day life in Myanmar and examine the key political events and debates of the last twenty-five years that have brought the world's attention to the country. By exploring current developments within the broader patterns of Myanmar's history, culture and society, they provide a nuanced perspective on the issues and questions surrounding Myanmar's future. This updated edition considers the changes that have taken place since the elections of 2010, the reforms that the civilian government introduced, and the ramifications of the country's new international status. It also assesses the implications of the 2012 by-elections, the ensuing political dynamics among various stakeholders, and the continuing socio-economic challenges facing Myanmar in the twenty-first century. The most comprehensive history of Myanmar ever published in the English language, this book makes a significant contribution to our understanding of Southeast Asian history and will surprise, challenge, and inform in equal measure.

Olympic Cities May 26 2022 Olympic Cities provides the first full overview of the changing relationship between cities and the Olympic events since 1896. With eighteen specially commissioned and original essays written by a team of distinguished international authors, it explores the historical experience of staging the Olympics from the point of view of the host city. A thought-provoking analysis of the relationship between Olympic festivals and urban

spectacle it: provides overviews of the urban impact of the four component Olympic festivals – the Summer Games, Winter Games, Cultural Olympiads and the Paralympics comprises systematic surveys of four key aspects of activity involved in staging the Olympics – finance, place promotion, managing spectacle and urban regeneration consists of nine chronologically arranged portraits of host cities, from 1936 to 2012, with particular emphasis on the first four Summer Olympic games of the twenty-first century. As controversy over the growing size and expense of the Olympics continues unabated, this book's incisive and timely assessment of the Games' development and the complex agendas that host cities attach to the event will be essential reading not only for urban and sports historians, urban geographers, planners and all concerned with understanding the relationship between cities and culture, but for anyone with an interest in the staging of mega-events.

Hydropolitics in the Developing World May 14 2021 Bringing contributions by a variety of authors together in one volume is part of an attempt to show that hydropolitics is a growing discipline in its own right. The prevailing definition of hydropolitics is widened to include the elements of scale and range. This is illustrated through a focus on theoretical and legal issues, case studies from Southern Africa and a proposed research agenda. The book is an important addition to the literature on hydropolitics.
