DOBLE VÍA is a groundbreaking Spanish conversation program written to help students bridge the gap from the Intermediate to the Advanced ACTFL levels of proficiency. DOBLE VÍA uses a stepped approach to prepare students for global citizenship through self-reflection and thoughtful exploration of Hispanic cultures and communities. Students are encouraged to learn more about themselves, explore Hispanic cultures, and connect to the Spanish-speaking community. An innovative video program and engaging online practice extend the topics and structures covered in the text to provide uniquely personalized contexts in which students can sustain conversations, and improve their accuracy before taking a culture and civilization course or studying abroad. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Ramon Jose Sender Graces was born on 3rd February 1901. He was a prolific writer, who published a vast quantity of novels, stories, plays, essays, poetry and articles throughout his life. He wrote Requiem por un campesino espanol during one week in 1952, with the intention that it be part of a collection of short stories. That book never materialised, but Sender's novella was published by Aquelarre in Mexico in 1953 under the title Mosen Millan . The title was changed in 1960 by New York publisher Las Americas to something that could be meaningfully translated into English. The political message conveyed within the book meant that it was not published in Spain until 1974. Requiem for a Spanish Peasant relates the thoughts and memories of Mosen Millan, the parish priest, as he sits in the vestry of the church in a nameless Aragonese village, preparing to conduct a Requiem Mass to celebrate the life of a young peasant, Paco el del Molino, killed by the Nationalist army a year earlier, at the outbreak of the Spanish Civil War. As he waits, his thoughts are interrupted by the occasional comings and goings of an altar boy, who hums to himself an anonymous ballad. This ballad, along with Millan's thoughts and the voice of an omniscient narrator, creates three strands of narration for the reader to follow. The last few years have seen a steadily increasing interest in constructional approaches to language contact. This volume builds on previous constructionist work, in particular Diasystematic Construction Grammar (DCxG) and the volume Constructions in Contact (2018) and extends its methodology and insights in three major ways. First, it presents new constructional research on a wide range of language contact scenarios including Afrikaans, American Sign Language, English, French, Malayalam, Norwegian, Spanish, Welsh, as well as contact scenarios that involve typologically different languages. Second, it also addresses other types of scenarios that do not fall into the classic language contact category, such as multilingual practices and language acquisition as emerging multilingualism. Third, it aims to integrate constructionist views on language contact and multilingualism with other approaches that focus on structural, social, and cognitive aspects. The volume demonstrates that Construction Grammar is a framework particularly well suited for analyzing a wide variety of language contact phenomena from a usage-based perspective. Aproximaciones al estudio del español como lengua de herencia reúne diversas perspectivas sobre el estudio del español como lengua de herencia en el contexto de los Estados Unidos. El volumen presenta una amplia gama de enfoques lingüísticos, modelos pedagógicos e innovaciones programáticas. Dirigido a investigadores noveles y experimentados, al igual que a estudiantes y profesionales de la enseñanza, es un volumen ideal para aquellas personas que desean actualizar sus conocimientos del campo y obtener una perspectiva panorámica sobre la investigación y la enseñanza del español como lengua de herencia. Características principales: temas que incluyen, entre otros, la fonología/la fonética, la morfosintaxis, la pragmática, la enseñanza mediante el enfoque por tareas, la literacidad múltiple, el translenguar, los programas de community college, el español para fines específicos y la investigación-acción; contenidos teóricos, empíricos y pragmáticos relevantes para la enseñanza del español como lengua de herencia; descripciones y ejemplos que facilitan la adquisición de conocimientos sobre la materia; diferentes secciones que permiten la flexibilidad en cuanto al orden de lectura del volumen; preguntas de reflexión al final de cada capítulo para facilitar la comprensión de los temas presentados. Escrito de manera clara y accesible, Aproximaciones al

estudio del español como lengua de herencia es un recurso indispensable para cursos de grado y posgrado en español sobre el español como lengua de herencia. Aproximaciones al estudio del español como lengua de herencia brings together a number of diverse scholarly voices and perspectives on the study of Spanish as a heritage language with a focus on the United States context. The volume presents a comprehensive view of this growing and dynamic field with the latest on linguistic approaches, pedagogical models, and programmatic innovations. Directed to beginning and seasoned researchers as well as to students and practitioners who wish to update their knowledge of the field and gain a fresh perspective on different approaches to researching and teaching Spanish heritage bilinguals. Written in Spanish for a wider audience in the Spanish-speaking world and for the teaching of undergraduate and graduate courses in Spanish. Key features: A broad range of topics including phonology/phonetics, morphosyntax, pragmatics, task-based language teaching, multiliteracy, translanguaging, community college programs, Spanish for specific purposes and action research among others; Clear overviews of theoretical, empirical and pragmatic issues relevant to the teaching of Spanish as a heritage language; Every chapter builds on specific core questions central to current understandings of research and practice; Concise descriptions and examples throughout provide readers with the tools they need to understand the subject matter; Organized into three sections that allows for flexibility regarding reading order; A section of reflection questions at the end of each chapter to help readers gain a deeper understanding of the issues at stake. Written in clear and accessible Spanish, Aproximaciones al estudio del español como lengua de herencia is a critical resource for those interested in understanding Spanish heritage speakers' multifaceted linguistic experience in tandem with providing a meaningful educational experience that supports their personal, professional, and learning goals. El Anuario 2014 del Instituto Cervantes, El español en el mundo, presenta informaciones precisas y fiables sobre la lengua española y la cultura en español en el mundo. El español en el mundo 2014, en esta edición se ocupa de presentar cuestiones de interés relacionadas con la actividad del Instituto: el Observatorio en la Universidad de Harvard y su cometido enmarcado en el contexto de la situación actual del español en los Estados Unidos; la presencia del Cervantes en los cinco continentes concluye la publicación. Dialectología hispánica / The Routledge Handbook of Spanish Dialectology es una obra coral que presenta las últimas investigaciones sobre las variedades actuales de la lengua española en todas sus geografías, sumando los conocimientos de un importante número de especialistas en la materia. Este volumen consta de 49 capítulos, distribuidos en cuatro secciones, que ofrecen información actualizada sobre la realidad dialectal del español y reflejan los conocimientos disponibles sobre la lengua y sus variedades. Este libro, amplio e innovador, explora el modo en que diversas especialidades lingüísticas se interesan por la variación dialectal, desde la historia hasta la informática, pasando por la fonética, la gramática y la lexicografía, entre otras disciplinas. Desde una interpretación multidimensional de los espacios dialectales, este manual asocia la variación geolingüística no sólo con la historia y la sociología, sino también con factores étnicos, estilísticos y cognitivos. Esta obra es idónea para todos los investigadores interesados en la lingüística del español, la variación lingüística y el contacto de lenguas, así como para estudiantes de grado y posgrado. En ella se explora en profundidad la dialectología del español en todas las expresiones del espacio hispanohablante. Dialectología hispánica / The Routledge Handbook of Spanish Dialectology is a choral work that provides the latest research on the current varieties of the Spanish language in all its geographies, collating expertise from a wealth of leading scholars in the subject. This volume is comprised of 49 chapters, distributed in four sections, which offer up-to-date information on the dialectal reality of Spanish and reflect the knowledge available on the language and its varieties. This comprehensive and innovative book explores the way in which various linguistic specialities are interested in dialectal variation, from history to computer science, including phonetics, grammar and lexicography, among other disciplines. Displaying a commitment to a multidimensional view of dialectal spaces, this handbook associates geolinguistic variation not only with history and sociology, but also with ethnic, stylistic and cognitive factors. Presenting an in-depth exploration of Spanish dialectology in all its expressions across the Spanish-speaking space, this resource is ideal for all researchers interested in Spanish linguistics, linguistic variation and language contact, as well as for undergraduate and graduate students. El interés en la enseñanza, aprendizaje e investigación del español como lengua extranjera (ELE) ha aumentado considerablemente durante las últimas décadas. De acuerdo con el Instituto Cervantes, hoy hablan este idioma más de 591 millones de personas en el mundo, ya sea como lengua nativa, segunda o extranjera. En cuanto a la enseñanza del español como lengua extranjera (ELE), el incremento en los intercambios comerciales entre los países hispanohablantes y el resto del mundo ha contribuido al gran aumento en el número de estudiantes de ELE. Este libro tiene como trasfondo el aumento de estudiantes matriculados a cursos de ELE a nivel global y el creciente interés de la academia por estudiar los procesos de enseñanza y aprendizaje de esta lengua, tanto en su faceta teórica como práctica. Con el fin de examinar la enseñanza ELE desde todas sus aristas, el libro se constituye de tres partes: Investigación, Praxis y Experiencias personales en la enseñanza de ELE. La primera parte incluye aproximaciones diversas a la naturaleza misma de ELE, tales como los cambios que ha habido en la tipificación del docente de ELE y una agenda que se propone contribuir a la revisión de nuevas teorías del proceso de aprendizaje de una segunda lengua. La segunda explora diversos aspectos relacionados con la enseñanza-aprendizaje de ELE, desde los contextos tecnológicos en el aula, la comunicación no verbal, hasta el uso de las tiras cómicas en libros de texto. La última sección presenta las vivencias de dos docentes mexicanas de ELE en la Universidad de Ciencia y Tecnología de Chongqing, China. 'The Confucius Institute Project' – consisting of Confucius Institutes and Classrooms, the posting of Chinese language teachers to overseas schools and universities and the Chinese Bridge language competition – represents an attempt by China to extend its influence globally through the use of soft power. Facilitated by a rapidly increasing demand for Chinese language learning, it has established a presence across the globe and made valuable contributions to the learning and teaching of Chinese. However, this has not necessarily led to an increasingly positive view of China, either at a political or a societal level. Through an analysis of official documents, interviews with those involved, a survey of Chinese-language learners and a study of academic and media sources, the author evaluates the aims of the project, and discusses whether these aims are being met. This book constitutes the refereed proceedings of the European Conference on Information

Literacy, ECIL 2013, held in Istanbul Turkey, in October 2013. The 73 revised full papers presented together with two keynotes, 9 invited papers and four doctoral papers were carefully reviewed and selected from 236 submissions. The papers are organized in topical sections on overview and research; policies and strategies; theoretical framework; related concepts; citizenship and digital divide; disadvantaged groups; information literacy for the workplace and daily life; information literacy in Europe; different approaches to information literacy; teaching and learning information literacy; information literacy instruction; assessment of information literacy; information literacy and K-12; information literacy and higher education; information literacy skills of LIS students; librarians, libraries and ethics. This book provides a comprehensive overview of Hispanic applied linguistics, allowing students to understand the field from a variety of perspectives and offering insight into the ever-growing number of professional opportunities afforded to Spanish language program graduates. The goal of this book is to re-contextualize the notion of applied linguistics as simply the application of theoretical linguistic concepts to practical settings and to consider it as its own field that addresses language-based issues and problems in a real-world context. The book is organized into five parts: 1) perspectives on learning Spanish 2) issues and environments in Spanish teaching 3) Spanish in the professions 4) the discourses of Spanish and 5) social and political contexts for Spanish. The book's all-inclusive coverage gives students the theoretical and sociocultural context for study in Hispanic applied linguistics while offering practical information on its application in the professional sector.

The Bad Bug Book 2nd Edition, released in 2012, provides current information about the major known agents that cause foodborne illness. Each chapter in this book is about a pathogen—a bacterium, virus, or parasite—or a natural toxin that can contaminate food and cause illness. The book contains scientific and technical information about the major pathogens that cause these kinds of illnesses. A separate “consumer box” in each chapter provides non-technical information, in everyday language. The boxes describe plainly what can make you sick and, more important, how to prevent it. The information provided in this handbook is abbreviated and general in nature, and is intended for practical use. It is not intended to be a comprehensive scientific or clinical reference. The Bad Bug Book is published by the Center for Food Safety and Applied Nutrition (CFSAN) of the Food and Drug Administration (FDA), U.S. Department of Health and Human Services. This handbook, designed both as an introduction for students and a reference work for the entire research community, gives a concise, systematic and extensive overview of the different topics and approaches associated with linguistic research on American Spanish. Featuring specially commissioned chapters from experts in the field of media and communications law, this book provides an authoritative survey of media law from a comparative perspective. The handbook does not simply offer a synopsis of the state of affairs in media law jurisprudence, rather it provides a better understanding of the forces that generate media rules, norms, and standards against the background of major transformations in the way information is mediated as a result of democratization, economic development, cultural change, globalization and technological innovation. The book addresses a range of issues including: Media Law and Evolving Concepts of Democracy Network neutrality and traffic management Public Service Broadcasting in Europe Interception of Communication and Surveillance in Russia State secrets, leaks and the media A variety of rule-making institutions are considered, including administrative, and judicial entities within and outside government, but also entities such as associations and corporations that generate binding rules. The book assesses the emerging role of supranational economic and political groupings as well as non-Western models, such as China and India, where cultural attitudes toward media freedoms are often very different. Monroe E. Price is Director of the Center for Global Communication Studies at the Annenberg School for the University of Pennsylvania and Joseph and Sadie Danciger Professor of Law and Director of the Howard M. Squadron Program in Law, Media and Society at the Cardozo School of Law. Stefaan Verhulst is Chief of Research at the Markle Foundation. Previously he was the co-founder and co-director, with Professor Monroe Price, of the Programme in Comparative Media Law and Policy (PCMLP) at Oxford University, as well as senior research fellow at the Centre for Socio Legal Studies. Libby Morgan is the Associate Director of the Center for Global Communication Studies at the Annenberg School for the University of Pennsylvania. Topics in Spanish Linguistic Perceptions brings together the most current research on linguistic perceptions of varieties of Spanish. The book includes articles from a range of expert contributors using different methodologies and looking at diverse sociolinguistic settings. Readers will gain a rich understanding of the importance of linguistic perceptions and the societal attitudes they are linked to. Readers will also gain insight into the interplay between socioeconomic groups, and educational and linguistic norms and the perception of non-standardized forms of Spanish. The volume highlights the relationship between language and social perceptions and will be of particular interest to researchers and students in Hispanic linguistics, sociophonetics, and sociolinguistics. *La diversidad del español y su enseñanza* es la primera publicación concebida para reflexionar sobre la diversidad de la lengua desde un punto de vista crítico, interdisciplinario, institucional, aplicado e internacional. El análisis de doce lecturas y de una detallada guía de explotación didáctica potencian la adquisición de conocimientos sobre la lengua y desvelan la complejidad de la investigación sobre las variedades del español. Características principales: • Artículos de investigación desde diferentes enfoques y perspectivas; • Actividades de reflexión para verificar la asimilación de contenidos; • Análisis crítico de extractos y citas de autoridad (español e inglés); • Preguntas analíticas sobre el estado de la cuestión y recursos institucionales; • Modelos metodológicos de investigación empírica sobre la diversidad de la lengua; • Propuestas de temas para la investigación y el debate dentro y fuera del aula; • Pautas bibliográficas detalladas para profundizar sobre la materia; • Selección de conceptos clave para potenciar la adquisición de terminología lingüística; • Glosario bilingüe en línea (español e inglés) sobre variedades del español, sociolingüística aplicada y política lingüística; • Soluciones de las guías de lectura e información complementaria. Diseñado como libro de texto o material de autoaprendizaje, *La diversidad del español y su enseñanza* es una herramienta imprescindible para familiarizarse con la diversidad de la lengua. La información será de interés y aplicable en contextos académicos y profesionales de enseñanza, diseño curricular y elaboración de materiales didácticos de español como lengua extranjera o segunda y de herencia. Cualquier investigador, profesor, estudiante o lector podrá acceder de manera crítica y pautada a esta importante parcela de conocimiento sobre el idioma. *La diversidad del español y su enseñanza* brings

together twelve articles that investigate Spanish linguistic variation and the impact this has on Spanish language teaching. Based on a special edition of the Journal of Spanish Language Teaching, each chapter here presents an article from the Journal with an additional reading guide designed to transform the information into a pedagogical tool that can be used and applied in the classroom. Each article is accompanied by critical analysis, reflection activities, questions for future research and debate, and suggestions for further reading. A bilingual glossary covering key terms within Spanish language variation, applied sociolinguistics and language policy is available online at www.routledge.com/9780367651695. This book is a practical overview of the evolution and current state of the study of Spanish language variation and will be of most interest to researchers and teachers of Spanish as a second language who will gain insight into how to include linguistic variation in their teaching. "The country's future depends on what a conscious and organized society does, or fail to do". The Mexican enigma is an informative analysis of the situation of political, social and economic crisis that Mexico is going through from the review of three key areas: the political elites —mainly figures like Enrique Peña Nieto, whom the author studies in a bibliographical manner as well as reviews his actions since he was governor of Estado de Mexico—; the de facto powers that have been developed in the country and its implications in Mexican political and social credibility; the last axis is organized society, which, from the perception of Aguayo, has always been excluded from Mexican politics. The author also discusses the state of political culture within society and the level of disapproval of this before the present form of the government of Mexico. The author makes a strong documentary research that reaches to an almost didactic text, bringing the reader to a real and well informed approach of what is happening in Mexico. The book, in digital format, allows interaction with documents, videos and photographs that complement the reading, while encouraging political reflection from its readers. Pinnick Kinnick Hill, An American Story is a lightly fictionalized memoir by Gain Gonzalez, a first generation American whose parents emigrated from Spain. Gonzalez's story recounts the lives of his parents and their fellow immigrants who settled in Harrison County, West Virginia in the early twentieth century. According to Suronda Gonzalez (no relation to the author) who wrote the preface, Pinnick Kinnick Hill "is a historical treasure that enriches understandings of Appalachian, U.S., and Spanish history." And from the Foreword by Patrick W. Conner, "The book is partly a memoir, partly a history, and partly a novel, all combined in a sometimes heartwarming and sometimes bittersweet celebration of how one small Spanish community survived and then prospered in the ethnic caldron that was America." This study endeavors to identify ground force options that are most important to the security of core U.S. interests in two key regions of the world: the Middle East and South Asia; and the Asia Pacific. It is meant to help the Department of Defense define future challenges risk as it relates to ground forces and identify and classify specific qualitative risks that could undermine future operational success. El léxico-gramática del español ofrece una aproximación alternativa al estudio de la gramática avanzada del español. Este libro brinda al estudiante un enfoque auténtico y contextualizado del uso del español, basándose en datos provenientes de corpus de español-L1 y L2 junto a la investigación lingüística a fin de describir las características léxico-gramaticales fundamentales de la lengua y su variación. Cada capítulo incluye actividades guiadas para que los estudiantes puedan realizar búsquedas en estos corpus con el propósito de llegar a conclusiones fundamentadas en evidencias empíricas sobre cómo los aprendices de varios niveles de competencia usan ciertos elementos léxico-gramaticales. Este libro representa un recurso ideal para los estudiantes de la gramática avanzada del español a nivel de pregrado y posgrado. El léxico-gramática del español provides an alternative approach to the study of advanced Spanish grammar. Drawing on L1 and L2 Spanish language corpora and linguistic research to describe key lexico-grammatical characteristics of the Spanish language, this book gives students insight into real, variable, and contextualized usage of Spanish. Each chapter includes guided exercises so that students can conduct their own searches of the corpus and draw evidence-based conclusions on how particular grammar structures are used by Spanish speakers at varying levels of proficiency. This is an ideal resource for advanced undergraduate and postgraduate students of Spanish language and linguistics. Lingüística textual y enseñanza del español LE/L2 ofrece una visión de conjunto teórico-práctica y actualizada de la Lingüística textual aplicada a la enseñanza del español como lengua extranjera y/o segunda, destinada especialmente a estudiantes graduados y a profesores en formación nativos y no nativos. El volumen, escrito por un elenco internacional de profesores-investigadores, presenta una visión actualizada y práctica de los géneros textuales más frecuentes en programaciones universitarias. Enmarcado por una síntesis actualizada de estudios e investigaciones en lingüística aplicada que recorre distintas perspectivas teóricas y metodológicas, recoge datos y propuestas procedentes de aulas de aprendizaje de español de distintos contextos internacionales. Su principal propósito es suscitar la reflexión teórico-práctica sobre los géneros discursivos y su papel en el aula, y ofrecer una descripción pormenorizada de los mismos para proporcionar al profesorado en formación, nativo y no nativo, recursos prácticos y propuestas didácticas que ejemplifican y guían de manera razonada cómo llevar al aula los distintos géneros textuales. Características principales: • Amplitud de aspectos de la lingüística textual y géneros discursivos abordados enteramente para el español LE/L2 y en español. • Estructuración homogénea de los capítulos que facilita la lectura y da coherencia al conjunto. Atención a géneros escritos y orales desde una perspectiva teórico-práctica que puede inspirar nuevas investigaciones. Atención a la diversidad geolectal del español, a los contextos en que este es L2 (Europa, EEUU) y a la de sus aprendices (hablantes de herencia, L2, LE). Orientado a la aplicación práctica y docente en la clase de L2/LE, cada capítulo dedicado a un género incluye consejos, pautas o actividades para el aula. Incluye temática actual en lingüística textual y aprendizaje de lenguas: escritura académica, divulgación científica, textos jurídicos, aprendizaje mediado por ordenador o el lenguaje de las redes. Capítulos bien fundamentados teórica y bibliográficamente, con sólido respaldo de datos empíricos procedentes de corpus, bien contextualizados. Aborda los aspectos teóricos tradicionales relativos al estudio de la tipología textual y los desafíos metodológicos que afronta el profesor al llevar al aula los distintos géneros discursivos. La presente obra presenta, en un solo volumen, una visión actualizada y práctica de los tipos textuales y géneros discursivos de uso más frecuente desde una perspectiva teórico-práctica: presentación, descripción y puesta en práctica es un esquema de trabajo directo y enormemente útil para su aplicación en el aula. El ámbito internacional en el que se mueven los autores le da una amplitud nunca antes recogida en una obra

de lingüística textual. Todo ello hace de Lingüística textual y enseñanza del español LE/L2 una obra de consulta obligada para docentes de español como LE/L2, para estudiantes graduados y formadores de profesores, así como para cualquier persona que desee adquirir una perspectiva actual sobre lingüística textual, géneros discursivos y enseñanza e investigación en español nativo y no nativo. VIAJES: INTRODUCCIÓN AL ESPAÑOL, Second Edition, is a perfect fit for introductory Spanish courses in which instructors want comprehensive coverage in one academic year without compromising the authenticity of the interactions and the quality of the content. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. This volume fills a void in language variation and change research. It is the first to provide an empirical, comparative study of Spanish in Colombia and New York City. Remarkable similarities in the linguistic conditioning on language variation in both communities contrast with interesting differences in the effects of social predictors. The book provides a window into the effects of language and dialect contact on change and serves as a model for studies comparing diasporic populations to their home speech communities. Build the bridges for English language learners to reach success! This thoroughly updated edition of Gottlieb's classic delivers a complete set of tools, techniques, and ideas for planning and implementing instructional assessment of ELLs. The book includes: A focus on academic language use in every discipline, from mathematics to social studies, within and across language domains Emphasis on linguistically and culturally responsive assessment as a key driver for measuring academic achievement A reconceptualization of assessment "as," "for," and "of" learning Reflection questions to stimulate discussion around how students, teachers, and administrators can all have a voice in decision making El 19 de marzo de 1812 era promulgada El 19 de marzo de 1812 era promulgada por las Cortes Generales reunidas en Cádiz, la que para muchos pasa por ser la primera Constitución Española de la historia, La Pepa. Vigente oficialmente durante tres épocas distintas de aquel siglo XIX, desde su promulgación hasta la vuelta de Fernando VII de su estancia en tierras francesas, cuando en Valencia, el 4 de mayo de 1814, tomaba la decisión de dejar sin ningún valor aquel texto supremo; más tarde volvía a renacer durante el llamado Trienio Liberal (1820- 1823); mientras finalmente, ya fallecido el Rey Deseado, nuevamente entraría en vigor u breve período a partir de 1836, casi a la espera de la promulgación de la Constitución de 1837. Con todo, el grito de ¡Viva La Pepa!, vino a consagrarse como la expresión más desgarrada de la defensa del liberalismo español. Profundamente revolucionaria para el tiempo histórico en el que vio la luz, aquel texto establecía por primera vez en la historia de España, de una España que todavía pretendía abrir sus brazos a ambos Hemisferios, que la soberanía residía en la Nación, la separación de poderes, derechos de naturaleza política, libertad de imprenta, libertad de industria, derecho de propiedad y la abolición de los señoríos jurisdiccionales. De todo ello, el lector encontrará la debida referencia a lo largo de las páginas de esta obra de conjunto, que en resumidas cuentas viene a recoger las distintas ponencias de sendos cursos de verano desarrollados a lo largo de este año del Bicentenario, en las localidades de Tarazona (Zaragoza), el cual portó por título el de "La Constitución Española de 1812. Una visión desde la de 1978" y Trillo (Guadalajara), bajo el lema de "La Constitución Española de 1812 y su repercusión en Europa y América". A ambas localidades, representadas por sus corporaciones municipales, nuestro agradecimiento infinito. The Encyclopedia de Linguistica Hispánica provides comprehensive coverage of the major and subsidiary fields of Spanish linguistics. Entries are extensively cross-referenced and arranged alphabetically within three main sections: Part 1 covers linguistic disciplines, approaches and methodologies. Part 2 brings together the grammar of Spanish, including subsections on phonology, morphology, syntax and semantics. Part 3 brings together the historical, social and geographical factors in the evolution of Spanish. Drawing on the expertise of a wide range of contributors from across the Spanish-speaking world the Enciclopedia de Linguistica Hispánica is an indispensable reference for undergraduate and postgraduate students of Spanish, and for anyone with an academic or professional interest in the Spanish language/Spanish linguistics. Since the Catalan government passed the first of Spain's regional governmental laws on same-sex partnership in 1998, lesbian, gay, bisexual, transsexual and queer culture in Spain has thrived. Spanish Queer Cinema assesses the impact of this significant cultural expression on Spanish Cinema and evaluates the role LGBTQ film has had in creating and shaping identity and experience. Focusing on films from 1998 to the present day, Chris Perriam skilfully analyses the development of LGBTQ filmmaking and filmwatching in Spain and places this within the wider cultural context. Covering lesbian cinema, gay and queer documentaries and short films, as well as mainstream features, the book investigates how LGBTQ films are distributed and how audiences react to them. It includes discussions of film festivals, cultural centres and social networking sites and it places the filmwatching experience within the context of other cultural activities such as television viewing, reading, surfing, downloading and festival-going. It assesses the importance and impact of Spanish queer cinema on the construction of LGBTQ identities and experiences. An informative and thought-provoking book, Spanish Queer Cinema is an essential read for students and scholars working in the fields of Film Studies, Spanish Studies and Cultural Studies. Comprehensive bilingual coverage of over 40,000 essential words and phrases found in chemistry literature Wiley's English-Spanish, Spanish-English Chemistry Dictionary Wiley's English-Spanish, Spanish-English Chemistry Dictionary provides a ready reference to more than 40,000 essential terms and phrases found in the chemistry literature. Its quick, user-friendly format means that you won't waste valuable research time leafing back and forth in search of the appropriate entry. And distinguished lexicographer Steven M. Kaplan has made every effort to provide equivalents with maximum clarity, accuracy, and timeliness. Up-to-date, comprehensive, and authoritative coverage * Indispensable for students, researchers, translators, and others working in chemistry * Entries cover different fields within chemistry and include thousands of chemical compounds * User-friendly format directs you to the precise term you need without rerouting you to other irrelevant words and phrases * A wealth of information in one portable, handy volume The twenty-first century has seen a surge in cross-linguistic research on forms of address from increasingly diverse and complementary perspectives. The present edited collection is the inaugural volume of Topics in Address Research, a series that aims to reflect that growing interest. The volume includes an overview, followed by seventeen chapters organized in five sections covering new methodological and theoretical approaches, variation and change, address in digital and audiovisual media,

nominal address, and self- and third-person reference. This collection includes work on Cameroonian French, Czech, Dutch, English (from the US, UK, Australia, and Canada), Finnish, Italian, Mongolian, Palenquero Creole, Portuguese, Slovak, and Spanish (in its Peninsular and American varieties). By presenting the work in English, the book offers a bridge among researchers in different language families. It will be of interest to pragmatists, sociolinguists, typologists, and anyone focused on the emergence and evolution of this central aspect of verbal communication.

El presente informe bienal tiene el objetivo de dar a conocer la situación de la enseñanza del español en los que el Ministerio de Educación, Cultura y Deporte (MECD) está presente. El informe tiene una estructura similar a ediciones anteriores aunque presta mayor atención a la descripción de la situación de la enseñanza del español en cada país y recoge de forma más esquemática los datos sobre el país y su sistema educativo. La presente publicación analiza la puesta en práctica de los diferentes programas del MECD en los treinta y tres países estudiados. En primer lugar, cabe destacar la variedad y flexibilidad de los programas, que se adaptan a situaciones sociales y demográficas sumamente contrastadas, y a marcos normativos muy diversos. En ocasiones es el caso de las Agrupaciones de Lengua y Cultura Españolas (ALCE), y en parte también de los centros de titularidad española en países como Alemania, Bélgica, Francia, Italia, Luxemburgo, Portugal, Países Bajos o Suiza, uno de los objetivos principales es el de mantener y mejorar el español entre los descendientes de españoles que se encuentran en el extranjero. Pero también de mantener una presencia en lugares con fuerte relación histórica con España, como Marruecos o Brasil (donde hay, además, un centro de titularidad mixta). En otras ocasiones, los esfuerzos se dirigen a profundizar los conocimientos, a través de la metodología AICLE (Aprendizaje Integrado de Contenidos y Lenguas Extranjeras), que no se queda en el simple aprendizaje de la lengua extranjera, sino que comprende elementos culturales fundamentales, gracias a asignaturas como Literatura o Geografía e Historia. Es el caso del programa de Secciones españolas, implantado en países como Francia, Italia o Estados Unidos, o del de Secciones bilingües, que se extiende por países de Europa central y oriental, y llega hasta Turquía y China. Además, programas como los de auxiliares de conversación y de profesores visitantes contribuyen a mejorar la enseñanza del español, apoyados por una tupida red de asesorías y centros de recursos.

Delving into the uneasy relationship between English and Spanish in the United States of America, this book approaches specific topics from a variety of perspectives, ranging from the more cultural to the more linguistic. The contributions explore the problems arising in Puerto Rico as a consequence of the unique political status of the island; the linguistic peculiarities of codeswitching, and its use in legal and medical contexts where interpreting is necessary and in educational contexts with heritage language students; the (non)use and the ideological implications of translation in colonial museums; the connections between language, ethnicity and gender identities in the South West; and the role played by the Hispanic press in promoting intercultural dialogue in the New York City area. Engaging with previous publications, the book examines these topics from an interdisciplinary standpoint, offers new insights into the problems of this cultural and linguistic contact, and suggests new areas of research. This book was originally published as a special issue of *Language and Intercultural Communication*. The definitive reference for travel medicine, updated for 2020! "A beloved travel must-have for the intrepid wanderer." -Publishers Weekly "A truly excellent and comprehensive resource." -Journal of Hospital Infection The CDC Yellow Book offers everything travelers and healthcare providers need to know for safe and healthy travel abroad. This 2020 edition includes:

- Country-specific risk guidelines for yellow fever and malaria, including expert recommendations and 26 detailed, country-level maps
- Detailed maps showing distribution of travel-related illnesses, including dengue, Japanese encephalitis, meningococcal meningitis, and schistosomiasis
- Guidelines for self-treating common travel conditions, including altitude illness, jet lag, motion sickness, and travelers' diarrhea
- Expert guidance on food and drink precautions to avoid illness, plus water-disinfection techniques for travel to remote destinations
- Specialized guidelines for non-leisure travelers, study abroad, work-related travel, and travel to mass gatherings
- Advice on medical tourism, complementary and integrative health approaches, and counterfeit drugs
- Updated guidance for pre-travel consultations
- Advice for obtaining healthcare abroad, including guidance on different types of travel insurance
- Health insights around 15 popular tourist destinations and itineraries
- Recommendations for traveling with infants and children
- Advising travelers with specific needs, including those with chronic medical conditions or weakened immune systems, health care workers, humanitarian aid workers, long-term travelers and expatriates, and last-minute travelers
- Considerations for newly arrived adoptees, immigrants, and refugees

Long the most trusted book of its kind, the CDC Yellow Book is an essential resource in an ever-changing field -- and an ever-changing world. The high-level language of R is recognized as one of the most powerful and flexible statistical software environments, and is rapidly becoming the standard setting for quantitative analysis, statistics and graphics. R provides free access to unrivalled coverage and cutting-edge applications, enabling the user to apply numerous statistical methods ranging from simple regression to time series or multivariate analysis. Building on the success of the author's bestselling *Statistics: An Introduction using R*, *The R Book* is packed with worked examples, providing an all inclusive guide to R, ideal for novice and more accomplished users alike. The book assumes no background in statistics or computing and introduces the advantages of the R environment, detailing its applications in a wide range of disciplines. Provides the first comprehensive reference manual for the R language, including practical guidance and full coverage of the graphics facilities. Introduces all the statistical models covered by R, beginning with simple classical tests such as chi-square and t-test. Proceeds to examine more advanced methods, from regression and analysis of variance, through to generalized linear models, generalized mixed models, time series, spatial statistics, multivariate statistics and much more. *The R Book* is aimed at undergraduates, postgraduates and professionals in science, engineering and medicine. It is also ideal for students and professionals in statistics, economics, geography and the social sciences. The acute processes of globalisation at the turn of the century have generated an increased interest in exploring the interactions between the so-called global cultural products or trends and their specific local manifestations. Even though cross-cultural connections are becoming more patent in filmic productions in the last decades, cinema per se has always been characterized by its hybrid, transnational, border-crossing nature. From its own inception, Spanish film production was soon tied to the Hollywood film industry for its subsistence, but

other film traditions such as those in the Soviet Union, France, Germany and, in particular, Italy also determined either directly or indirectly the development of Spanish cinema. *Global Genres, Local Films: The Transnational Dimension of Spanish Cinema* reaches beyond the limits of the film text and analyses and contextualizes the impact of global film trends and genres on Spanish cinema in order to study how they helped articulate specific national challenges from the conflict between liberalism and tradition in the first decades of the 20th century to the management of the contemporary financial crisis. This collection provides the first comprehensive picture of the complex national and supranational forces that have shaped Spanish films, revealing the tensions and the intricate dialogue between cross-cultural aesthetic and narrative models on the one hand, and indigenous traditions on the other, as well as the political and historical contingencies these different expressions responded to.

El presente informe bienal tiene el objetivo de dar a conocer la situación de la enseñanza del español en los países en los que el Ministerio de Educación y Formación Profesional (MEFP) está presente. La publicación analiza también la puesta en práctica de los diferentes programas del Ministerio en los treinta y cuatro países estudiados. Los objetivos marcados en cada uno de ellos responden en gran medida a las circunstancias y necesidades para las que fueron creados esos programas. En el caso, por ejemplo, del programa de las Agrupaciones de Lengua y Cultura Españolas (ALCE), y también en parte de los Centros de Titularidad española, en países como Alemania, Bélgica, Francia, Italia, Luxemburgo, Portugal, Países Bajos o Suiza, uno de los objetivos principales es el de mantener y mejorar el español y el contacto con la cultura española entre los descendientes de españoles que se encuentran en el extranjero, así como mantener una presencia en lugares con fuerte relación histórica con España, como es el caso de Marruecos. También el programa de Centros de Titularidad Mixta persigue de alguna manera mantener los lazos con las colonias de españoles y descendientes que se encuentran al otro lado del Atlántico, en países como Brasil y Argentina. En otras ocasiones los esfuerzos se dirigen al alumnado nativo de los países destinatarios de los programas. Los estudiantes de español en estos centros profundizan en sus conocimientos mediante la metodología AICLE, de manera que el aprendizaje de la lengua extranjera va acompañado de contenidos culturales fundamentales, gracias a asignaturas como Literatura o Geografía e Historia. Es el caso del programa de Secciones Españolas, implantado en países como Francia, Italia o Estados Unidos, o el de Secciones Bilingües, que se extiende por países de Europa central, Europa oriental y China. Los programas de Auxiliares de Conversación y de Profesores Visitantes contribuyen, además, a fomentar el intercambio lingüístico, cultural y académico, poniendo en contacto directo a estudiantes y profesores de los países que participan en estos programas, con el apoyo significativo de la red de Asesorías Técnicas y de los Centros de Recursos Didácticos.

Reference guide to the Spanish language as used in Spanish communities in Arizona, New Mexico, Colorado, Florida, California, and Texas. Includes 9,000 terms and phrases not found in standard Spanish dictionaries. This volume addresses some lacunae in Hispanic linguistic research by focusing on new scholarly directions, exploring understudied topics as well as speech communities, and presenting new takes on relevant linguistic and sociocultural issues. This publication answers questions which have emerged as a result of the rapid increase in Hispanic linguistic research since the latter part of the twentieth century or that have remained open in spite of it. With the rapid growth of Hispanic Linguistics during the 21st century, the topics included in this volume are representative of the breadth, vitality, and interdisciplinarity of contemporary linguistic scholarship. They also reflect that linguistics, in general, has become more methodologically sophisticated. This book is comprised of twelve chapters divided into three parts. Part I addresses language ideology and language contact issues that are embedded in important sociolinguistic and cultural topics chronologically spanning from the 16th century to the present. Although these issues take place in Spain, the United States, Turkey and Ecuador, they pertain ideologically to all corners of the Hispanic World and beyond. Part II is devoted to pragmatics and language variation with topics that transport us to Colombia, Mexico, Spain and Venezuela. The study of politeness strategies shows how Spanish speakers reduce social distance between interlocutors as they make conversation a pleasant and cooperative meeting place. Concurrently, sociolinguistic innovations reveal interesting parallels among several speech communities. Part III explores linguistic variation as it relates to theoretical, structural, and instructional issues. Although these topics are analyzed based mainly on linguistic usage in Bolivia, Colombia, the Dominican Republic, Ecuador, Panama, and Spain – as with the rest of this volume – their relevance reaches far beyond the confines of the Hispanic World. This book is unique in multiple ways and complements a number of existing publications.

Key Issues in the Teaching of Spanish Pronunciation: From Description to Pedagogy is a resource that encourages Spanish teachers and curriculum designers to increase their incorporation of pronunciation into the classroom. Combining theory and practical guidance, it will help language practitioners integrate the teaching of Spanish pronunciation with confidence and effectiveness. The international group of scholars across its 15 chapters is made up of individuals with well-established research records and training in best pedagogical practices. Key features: A range of topics including vowels, various classes of consonants, prosody, the use of technology, the role of orthography, the importance of both perception and production, individual learner differences, and teacher training; Overviews of descriptive, empirical, and acquisition-based research associated with each aspect of the Spanish sound system; Guidance on the difficulties that teachers face when incorporating the teaching of pronunciation into the classroom; Clear explanations of concepts, accompanied by an abundance of concrete examples and references; Multiple sample activities and lesson plans tailored to different levels and backgrounds of students; A bilingual glossary of terms to help the content reach the widest audience possible. Written in a clear and accessible manner, *Key Issues in the Teaching of Spanish Pronunciation* is an essential resource for teachers of Spanish at all levels. It is also an excellent reference book for researchers and both undergraduate and graduate university students interested in Spanish phonetics and language acquisition.

Esta coedición de 2016 en comparación con las precedentes es especialmente significativa, ya que conmemora los veinticinco años de creación del Instituto Cervantes. Por ello sus doce patronos y la totalidad de los directores del Instituto dan su visión de lo que su trayectoria ha supuesto para la difusión internacional de la lengua española, pero también de lo que debe ser en el futuro. Se incluye una cronología de los principales acontecimientos que han marcado este cuarto de siglo, así como una separata con fotografías que recogen momentos significativos del devenir del Instituto. A lo anterior se suman los

contenidos habituales de anteriores ediciones, con una detallada mención a la situación del español en Internet y en las redes sociales. La publicación cierra sus páginas con el listado de centros y aulas Cervantes en el mundo, con los datos actualizados. With its flexibility, simplicity, and range, MANUAL DE GRAMÁTICA EN ESPAÑOL, Second Edition, is an accessible grammar reference for students of Spanish. It combines clear, easy-to-use charts with detailed grammar explanations in Spanish supported by plentiful examples and real-world applications. By choosing the online format through the iLrn: Heinle Learning Center, students can review mini-lessons on grammar, pronunciation, and vocabulary to study and supplement in-class lessons. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
